Carmen Dones, R.D.H., M.S.
Director of Dental Hygiene
West Los Angeles College
9000 Overland Ave.
Culver City, California 90230

Dear Ms. Dones,

At Hu-Friedy, we are focused on delivering the highest quality product, service, and community experience in the dental industry in order to help dental professionals perform at their best. Our mission is “Improving lives through better dentistry—smile after smile”.

With that said, Hu-Friedy supports all levels of education and acknowledges each level provides different opportunities in the Healthcare industry. We at Hu-Friedy acknowledge that a Baccalaureate degree is a requirement for specific positions within our organization and we support lifelong learning to best serve the needs of the public.

We wish you much success as you set up your new entry level bachelor of dental hygiene program. We believe students with a goal of a Bachelor’s degree will now have that option as they enter your program. We believe your selection of programs will enhance the options for dental hygiene applicants and also expand graduates opportunities.

Sincerely,

Karen Neiner, BSDH, RDH, MBA

Carman Jones, D.D.S., M.S.
Director of Dental Hygiene
West Los Angeles College
5000 Overland Ave.
Inverness, California 91330

Dear Ms. Jones:

At In-Touch, we are focused on delivering the highest quality product services and community experience in the dental industry in order to help dental professionals perform at their best. Our mission is "improving lives through better dentistry--and better smiles."

With that said, In-Touch supports all levels of education and acknowledges each level provides different opportunities in the healthcare industry. We at In-Touch acknowledge that a baccalaureate degree is a requirement for specific positions within our organization and we support lifelong learning to best serve the needs of the public.

We wish you much success as you set up your new entry level level of dental hygiene program. We believe students with a goal of a baccalaureate degree will have that option as they enter your program. We believe your selection of programs will enhance the options for dental hygiene applicants and also expand graduate opportunities.

Sincerely,

Karen Haines, BSN, RDH, MBA
