Subject: Important Update on Board Policies 2800 (masking) and 2900 (vaccination requirement) --PLEASE READ

Dear LACCD Students:

On Wednesday, May 4, 2022, the LACCD Board of Trustees voted to rescind and/or to modify our existing Board Policy 2800 (masking) and Board Policy 2900 (vaccinations). This is an important step forward in our recovery phase from the COVID-19 pandemic that puts the District and the colleges in better alignment with the current health orders and recommendations by the Los Angeles County Department of Public Health (LACDPH).

MASKING

Effective June 12, 2022, Board Policy 2800 will be rescinded. There will no longer be an indoor masking mandate at any of the colleges or at District facilities for employees, students or visitors. Masking already is not required outdoors and, as of June 12, we will follow the prevailing LACDPH health orders that indoor masking is recommended, but not required. After June 12, students may wear a mask indoors if they want to and the colleges and the District will continue to provide free, disposable masks upon request and hand sanitizer will be available throughout the campus.

VACCINATIONS

Effective immediately, Board Policy 2900 has been rescinded for students. All continuing and new students will not have to provide proof of vaccinations or have an approved exemption on file in order to enroll in classes or to access the colleges or District facilities. Weekly COVID testing for students with vaccination exemptions will no longer be required.

To view your registration appointment date for the Summer and Fall 2022 term, log on to MyCollege.laccd.edu and click on the "Manage Classes" tile followed by the "Enrollment Dates" tab on the left side. If no enrollment date is available, you may register for classes when open enrollment starts.

Sincerely,
Los Angeles Community College District Administration
