Thank you, Jeffrey! We offered this workshop last month on April 14th as well as part of a workshop series. This is an encore presentation, back by popular demand!

Your students might also be interested in the Library's [MLA power point tutorial](#). You are welcome book a [library instruction session](#) for your class on research and/or citing their papers.

Best,
Susan

So glad to see you are offering this one. As a professor who requires a research paper in advanced classes, quite a number of our students have little or no experience doing them. I hope you offer this particular workshop every semester and perhaps not so late in the semester.
Thanks!
