LATE WORK WILL NOT BE GRADED – NO EXCEPTIONS

Suggestions:

Because this is an online course students must be able to mostly learn on their own, and must be highly motivated. In order to achieve success in this course, regular and active participation in online assignments are extremely important. I expect your assignments and exams to be both timely and punctual. Closed chapters will not be reopened or extended. You should anticipate at least 10 hours per week of study and assignment completions for each chapter

For each chapter complete your assignments in the order of Learn Smart, Practice, Exams.

Learn Smart – Students should, complete and submit the Learn Smart module of each chapter before working on the Practice and Exam assignments.

Practice Assignments – Complete and submit practice assignments should be your next step. These assignments are made up of exercises contained in the texts that supports Learn Smart concepts

Exams - are designed to test the students understanding of Learn Smart and Practices assignments in support Student Learning Outcomes (SLOs). You should take and submit your exam after submitting LS and Practice assignments. Be sure to check your “exam settings to know Due Dates, time limits, attempts, answers, solutions etc.

If there is something you do not understand, prepare specific questions to post to the “Class Discussion” area. Be sure check the “Due Dates” to make sure you schedule your time accordingly.

Keep up with your class by submitting your work by its due date.
