NOTE: The 2007-08 school year was calculated over each team's athletic season, and the subsequent years were calculated over the entire academic year. W's were not included in the course completion rate from fall 2007 to spring 2012, which resulted in a higher completion rate. Members of the Cross Country program compete on the Track & Field team. As a result, the Associate degree and transfer figures are combined. During the 2012-13 school year, the Men's Basketball team was suspended, and there were no academic stats compiled for this program.
