

ACCELERATED COLLEGE TRANSFER (ACT)

The Accelerated College Transfer (ACT) program is a two-year sequence of coursework designed for the highly motivated student who is interested in a non-traditional pathway to degree completion and/or transfer. The ACT program offers multiple two-year pathways to complete the following Associate of Arts degrees while simultaneously fulfilling IGETC requirements for transfer to UC and CSU campuses:

- Business Administration
- Liberal Arts and Sciences: Behavioral and Social Sciences
- Liberal Arts and Sciences: Health Professions
- Liberal Arts and Sciences: Math, Science and Computer Science

The ACT program features hybrid (classroom-based and online instruction) in 8-week sessions to offer flexible degree and certificate pathways for individuals with demanding schedules that conflict with traditional weekday course offerings. Some courses (including Math) are scheduled fully online for 16 weeks. Science courses with lab components are scheduled as fully classroom-based for 16 weeks. The two-year pathways also include fully online courses to enable students to complete 15 units or more in any given semester. The mixed format of the ACT program grants students the flexibility to complete entire degree/certificate programs during evenings, on the weekend, and online. Please visit the website at www.wlac.edu/Act/index.aspx for details.

LIBRARY AND LEARNING RESOURCES

The Library and Learning Resources Division actively seeks to help students in achieving their ultimate educational goal- academic success. Thus, it seeks to accommodate and to support the variety of learning styles that students develop to achieve that success.

A student, for example, may want to study alone or in a group; accomplish research in the traditional method or learn about new online methods of research; polish basic skills in English or Math or supplement subject-content courses (e.g., Chemistry, Foreign Language, History, Political Science) in a computer-assisted instructional environment; or seek tutorial assistance. Any student can accomplish any combination of these modes of learning in the Division of Library and Learning Resources.

The Division consists of two departments: the Library, and the Learning Center. The Division occupies the Heldman Learning Resource Center (HRLC) building. The Library is located on the 2nd and 3rd floors, and the Learning Center is located on the ground level.

Free Wi-Fi access is available to all West students and staff. Wi-Fi access points are strategically located throughout the Library building to allow Internet access anywhere within the building.

Operational hours vary from semester to semester, so please contact the Library Circulation Counter (x4408), Learning Center (x4404), Reference Desk (x4269), or visit the Divisional web site www.wlac.edu/Library/index.aspx for current information.

The Library collection consists of approximately 67,000 print titles and approximately 100,000 e-book collection titles. Most of the print titles are available for general circulation. Others are held either in Reference or on Reserve. Print sources include books, monographs, government documents, maps, encyclopedias, dictionaries, and legal materials. Other hardcopy resources include a collection of serials or periodicals of approximately 70 titles.

The Library also maintains an instructional media collection of DVDs, video tapes, CDs, and audio recordings. Remote access is provided for all electronic resources, including several periodical and reference databases.

Information Competency (IC)

Information Competency "is a set of abilities requiring individuals to recognize when information is needed and have the ability to locate, evaluate, and use effectively the needed information," according to the American Library Association. The UCs, CSUs, and the Academic Senate of the Community Colleges of California, among others nationwide, all endorse information competency as a priority for college students. The Western Association of Schools and Colleges names information literacy, among other priority competencies, specifically in their Handbook of Accreditation:

Baccalaureate programs ensure the development of core learning abilities and competencies including, but not limited to, college-level written and oral communication; college-level quantitative skills, information literacy, and the habit of critical analysis of data and argument.

To address this core competency, the Library provides Library Science courses and orientations. Students participate in a teacher-sponsored class-orientation. More ambitious students may want to undertake one of the for-credit Library Science courses, many of which are transferable to CSU and/or UC. Please consult the current Schedule of Classes for the Library Science courses.

Library Lab and Classroom

Library Science courses are taught online, and the workshops are conducted in the Library Internet Research Classroom (LLRC - HLRC 218). All of the Library's online resources are available in the LLRC for students undertaking Library Science coursework or other formal instruction in information competency.

SPECIAL PROGRAMS & SUPPORT SERVICES

These resources are also available at the larger Library Instructional Research Lab (LIRL) which is the school's college-wide computer lab. Both PC and Mac computers are available at LIRL. Together LIRC and LIRL provide over 150 student computers, offering access to the online catalog, periodical and research databases, the Internet, and selected Microsoft applications.

Reference and Circulation Services

The Reference Desk is staffed by librarians who respond to all research and reference queries, assisting students with effective strategies to obtain information. Instructional and bibliographical aids are available in print and on the library web site. At the Circulation Counter, books, textbook reserves, periodicals, and other materials may be checked out for prescribed periods of time.
