

MAJOR REQUIREMENTS

The following section details the required curriculum for West's degree and certificate programs. Students must complete all course requirements to petition for a Skill Certificate or state-approved Certificate of Achievement. In order to be eligible for an Associate degree, students must fulfill all major degree courses, the general education requirements (Plan A, Plan B, IGETC, or CSU Breadth GE), and all other graduation requirements for a total of at least 60 units. Students should refer to "Graduation Requirements" (in the "Academics" section of this catalog) for additional information. Students are also encouraged to seek assistance from counselors and faculty.

The Associate Degree for Transfer (AA-T or AS-T) is a special, new degree offered at California Community Colleges. To pursue this special degree rather than a traditional AA or AS degree, you should meet with a counselor to develop an education plan that puts you on the path toward the AA-T or AS-T degree.

Transfer students should consult the Transfer Center or the Counseling Office for major preparation and general education requirements for the particular transfer institution of their choice.

ACCOUNTING

BUSINESS DIVISION

ASSOCIATE DEGREE

PROGRAM OVERVIEW

The Associate of Arts degree in Accounting is primarily designed for career and technical education and workforce training/ development. The curriculum is not aligned with course requirements for transfer to a specific major at a four-year college or university.

This program is designed to prepare the student for entry into the business community in such entry-level positions as bookkeeper, accounting clerk, or assistant auditor. Skills required for maintaining records, controlling finances, and preparing financial reports are taught. Students interested in transferring to a four-year college or university with a major in Accountancy or Business Administration (Accounting-related option) may consider the Associate of Arts degree in Business Administration.

PROGRAM LEARNING OUTCOMES (PLOS):

Upon completion of this program, students will:

- Use formulas and mathematical tools to calculate and solve quantitative problems related to financial and accounting operations of a business workplace.
- Collect and compile financial data for management analysis of service, retail, and manufacturing status of a business.
- Review, refine, and make adjustments in calculations for completion of financial transactions, records, and forms.
- Communicate oral and written thought in a clear and organize manner to effectively inform, persuade, and convey ideas in the workplace.

ADDICTION STUDIES

HEALTH SCIENCES DIVISION

ASSOCIATE DEGREE

The Associate of Arts degree in Addiction Studies is primarily designed for career and technical education and workforce training/ development.

The coursework indicated below will prepare students with all necessary coursework to take the written licensing exam for either the California Association of Alcohol and Drug Educators (CAADE) or the California Consortium of Addiction Programs and Professionals (CCAPP). Several classes may be used for continuing education credit for counseling licenses or public safety professions. Not all classes are offered every semester but do alternate each semester.

Students interested in transferring to a four-year college or university may consider the Associate of Arts degree in Liberal Arts and Sciences with an emphasis in Behavioral and Social Sciences. Students should consult the Transfer Center or the Counseling Office for major preparation and general education requirements of the particular transfer institution of their choice.

PROGRAM LEARNING OUTCOMES (PLOS):

Upon completion of this program, students will:

- Practice Professional ethics and cultural acceptance in a work setting.
- Utilize various counseling techniques and theories to build rapport and create healthy relationships with each client, using skills of effective one-on-one and group counseling to promote self-responsibility and encourage positive change in client.
- Teach effective life, coping, and adjustment strategies.
- Utilize knowledge of the Diagnostic and Statistical Manual and data from intake procedures to identify mental illnesses.
- Assist with creation and implementation of a treatment plan that identifies needs, realistic expectations to be achieved, and necessary referrals.
- Continually self-assess one's psychological state and critically analyze, evaluate, and adopt a variety of solutions that support one's mental and emotional wellness, effectively manage stress, and avoid burnout.
- Draw on research and knowledge of psychoactive drugs and addiction to serve the needs of the counseling position, the client, and the community.

- Perform administrative tasks, continue to engage with licensing agencies, and maintain continuing education credits.

ADDICTION STUDIES COURSES

1 UNDERSTANDING ADDICTION AND COUNSELING (3) CSU

This survey course includes the nature of addiction, history and theories of treatment, dual diagnosis, recovery, and rehabilitation. The knowledge, skills, and attitudes required in professional practice as a competent, educated, trained addiction counselor are also covered. This course is the introductory course for addiction counseling programs.

4 CLINICAL COUNSELING LAW AND ETHICS (3) CSU

Students are trained in the application of legal and ethical issues that impact the profession of addiction treatment. This course also emphasizes the assessment of co-occurring disorders as they apply to the scope of competence for addiction treatment counselors.

7 Addiction Treatment and recovery (3) CSU

Students examine intervention, treatment, and recovery, including assessment, case management, treatment orientation, treatment planning, relapse prevention, and after care planning.

10 Addiction and the Family (3) CSU

Students analyze addiction as a family disease focusing on many theoretical and practical issues including: assessment, treatment, recovery, interventions, family counseling and addictions' impact on children and the family system.

16 Continuing Recovery: Strategies and Basic Skills (3) CSU

Students examine applied methodology and counseling skills with respect to chemical dependency and other addictive disorders. Students may engage in role play, case studies, interventions, demonstrations, 12-step model of recovery, reality therapy, rational emotive behavioral therapy, family systems analysis, and relapse prevention theory and techniques.

84 Fieldwork Practicum (3)

Prerequisites: Addicst 1, Addicst 4, Addicst 16, Psych 43
This is a supervised practicum course. Participants must be knowledgeable about addiction and treatment. The course provides observation, interaction, and counseling opportunities with clients and counselors at rehabilitation clinics. This course satisfies half of the fieldwork hours (125) required by CAADE in addition to the classroom hours.

85 Advanced Fieldwork Practicum (3)

Prerequisites: Addicst 1, Addicst 4, Addicst 16, Psych 43
This is a supervised practicum course that includes an advanced internship at an addiction treatment and recovery facility to acquire 125 of the 250 hours required by the California Association of Alcohol and Drug Educators (CAADE). Internship hours must be completed during the semester of enrollment.

ATTENTION TRANSFER STUDENTS

NOTE: Students expecting to transfer to four-year institutions should see a West Los Angeles College counselor and consult the catalogs of transfer institutions regarding specific requirements for upper-division standing.

ADMINISTRATION OF JUSTICE

BEHAVIORAL SCIENCE DIVISION

Associate Degree for Transfer

A Degree with a Guarantee.SM

The Associate of Science degree in Administration of Justice for Transfer is designed to address the principles and practices of the criminal justice system. It will serve students who wish to prepare themselves for one of several careers in law enforcement.

The program is an interdisciplinary approach with academic and professional coursework to enhance the students' training. Therefore, the program provides preparation for employment as well as transfer to the CSU.

Students who successfully complete the transfer degree in Administration of Justice will be admitted to the CSU with a major in Criminal Justice or Criminology.

Students who successfully complete the Associate in Science degree in Administration of Justice for Transfer will be guaranteed admission to a California State University. The AS degree in Administration of Justice for Transfer meets the requirements for SB1440 for Associate Degrees for Transfer. The degrees were developed to ease the transfer process for students to the CSU.

ATTENTION TRANSFER STUDENTS

NOTE: Students expecting to transfer to four-year institutions should see a West Los Angeles College counselor and consult the catalogs of transfer institutions regarding specific requirements for upper-division standing.

The following requirements must be met:

- Completion of required units for the major (18-19 units)
- Completion of CSU Breadth or IGETC
- Completion of a minimum of 60 CSU-transferable units.
- Maintain a minimum grade point average (GPA) of at least 2.0 in all CSU transferable coursework.
- Complete a minimum of 18 semester units in an "AA-T" or AS-T" major as detailed in the course catalog.
- Each course in the major must be completed with a grade of C or better or a "P" if the course is taken on a "pass-no pass" basis (Title V 55063).
- Be certified as having completed the California State University General Education Breadth pattern (CSU- GE Breadth); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.
- Students should note that no more than 60 units are required for this degree and that no additional requirements will be imposed by West Los Angeles College.

ASSOCIATE DEGREE

PROGRAM OVERVIEW

The Administration of Justice program is a study of the United States of America's criminal justice system used by local, state, and federal level government. Students will learn about the inter- action and relationship of the criminal justice system's three major components: law enforcement, judiciary and corrections. If your goal is to work within the Criminal Justice field, this program will equip you to meet high academic standards and develop professional skills.

West Los Angeles College Administration of Justice program is a state recognized program offering both an academic series of courses leading to a transfer to a four-year university and a series of courses leading toward an Associates of Art Degree, Associates Transfer Degree, or Certificate to assist with job placement or career development. In addition to the Associate of Arts Degree in Administration of Justice, we offer other public safety options in both Corrections and Fire Technology. The curriculum is designed to provide students with the education necessary to gain entry into and for career promotion in the criminal justice field. The curriculum is offered on campus or online format.

PROGRAM LEARNING OUTCOMES (PLOS):

Upon completion of this program, students will:

- Practice and demonstrate behaviors, skills, and knowledge necessary to advance professionally in corrections and law enforcement. (Theme: Professional advancement)
- Identify social, behavioral, historical, and cultural issues to respond to the challenges of work, family, community, and the global world. (Theme: Challenging issues)
- Apply critical thinking to investigate and interpret the influences of hereditary and environmental factors in assessing and treating criminal behavior. (Theme: Critical thinking, heredity, and environment)
- Pursue continuous educational opportunities on issues related to the current and emerging fields related to criminal justice. (Theme: Research, updates)
- Read, evaluate, and critically analyze current research methodologies; apply select research methodologies to the practice of criminal justice. (Theme: Research methodologies)

PROGRAM OVERVIEW

The Associate of Arts degree in Anthropology includes coursework that aligns with specific lower-division major requirements for the Anthropology major at various universities within the University of California (UC) and California State University (CSU) systems. Students interested in transferring to a four-year college or university with a major in Anthropology may also consider the Associate of Arts degree in Liberal Arts and Sciences (Behavioral and Social Sciences emphasis).

Students are encouraged to visit the Transfer Center for complete information regarding transfer requirements for the institution of their choice. Students interested in transfer are also encouraged to consult the Counseling Office for individualized educational planning.

Professional opportunities include careers in archaeology, linguistics, the social and natural sciences, health care, international affairs, urban renewal, social welfare, museum work, the National Park Service, conservation programs, ergonomics, and forensics.

PROGRAM LEARNING OUTCOMES (PLOS):

Upon completion of this program, students will:

- Critically analyze anthropological topics.
- Collect and synthesize research data using credible sources to write a cohesive document.
- Demonstrate knowledge necessary to advance academically and professionally in the discipline.
- Collect and synthesize research data using credible sources to write a cohesive document.

ART – ALSO SEE STUDIO ART

ARTS & PERFORMANCE DIVISION

ASSOCIATE DEGREE

PROGRAM OVERVIEW

- CERAMICS OPTION
- DRAWING AND PAINTING OPTION

The Associate of Arts degree in Art includes coursework that aligns with specific lower-division major requirements for Art, Art History, Studio Art, and other related majors at various universities within the University of California (UC) and California State University (CSU) systems.

Students are encouraged to visit the Transfer Center for complete information regarding transfer requirements for the institution of their choice. Students interested in transfer are also encouraged to consult the Counseling Office for individualized educational planning.

The Associate Degree program in Art has been planned for those intending to enter the fields of design, illustration, art history, and art education. The program offers two state-approved options: 1) Ceramics, and 2) Drawing and Painting. The program also offers coursework in Computer Graphics/Multimedia and Design.

PROGRAM LEARNING OUTCOMES (PLOS):

Upon completion of this program, students will:

- Understand form, apply elements of form, demonstrate accuracy, maintain harmony two and three dimensionally, vertically and horizontally. Become confident in fundamentals, placement, and Control. Converse with the language of the arts. Don't be dull. Be original-unique. Secure your technique to equalize and integrate practices.
- Explore new areas of expression. Expose yourself to other fields through art and music. Work in

MAJOR REQUIREMENTS

collaboration. Learn to accept criticism. Enhance work with understanding of other areas.

- Be creative. Prepare all aspects personal and professional. Willingness to take risks in work. Be ready for surprises. Risk it all now. Create a competitive portfolio/repertoire. Rearrange everything. Always look at new and old innovative expression.
- Be confident in your area. Self-confidence. Self-esteem. Practice all lesson to mastery. Keep looking. Be aware and learn program upgrades. Learn time-management. Develop discipline of working every day. Have fun with problem solving. Solve your problems with fresh combinations. Illustrate with color. Develop individual creative routine.
- Analyze everything you see in the real world. Always experiment with new visual/aural combinations. Overlap and combine elements. Refine your work. Use imagination. Trust inspiration-breathe.
- Assessment will be by a portfolio of student work evaluated by the instructor.

APPROPRIATENESS TO MISSION

The Associate in Arts in Art History for Transfer (AA-T) Degree prepares students for transfer to a Bachelor of Arts program in History at a California State University (CSU). This degree aligns with the college's mission to provide a transfer path for student success.

STATEMENT OF PROGRAM GOALS AND OBJECTIVES

The goals and objectives of the Associate in Arts in Art History for Transfer is (1) to offer academic training and understanding of the cultural and sociological contexts of art, (2) to enrich students with the knowledge and skills needed to earn an Associate in Arts degree, and (3) to provide the courses necessary to prepare students for transfer to a CSU. Students who complete the program will be able to demonstrate the following Program Learning Outcomes (PLOs):

PROGRAM LEARNING OUTCOMES (PLOS):

- PLO #1 Demonstrate an understanding of works of art and architecture from diverse genres and historical periods.
- PLO #2 Demonstrate familiarity with more than one artistic culture of a particular time and place.
- PLO #3 Utilize critical thinking to discuss and explore basic historical art concepts and terminology.
- PLO #4 Demonstrate mastery of analytical skills such as observation and inductive reasoning in interpreting works of art.
- PLO #5 Learn to apply fundamental art historical terminology when analyzing the principle developments and primary problems of interpretation and an awareness of critical and theoretical perspectives.

DESCRIPTION

The Associate in Arts in Art History for Transfer (AA-T) is a degree that provides a solid lower-division preparation for students who intend to transfer to a California State University (CSU) for a bachelor's degree in Art History. This degree is designed to provide a clear pathway to a CSU and guarantee admissions to a CSU. Although, students are guaranteed admissions, it is not to any particular campus or program in the CSU system. Students will be required to meet with a counselor for specific university major preparation at the college of their choice in order to facilitate a seamless transition. This coursework will satisfy the lower division Art History requirements at some of the CSU campuses. Information on which campuses accept this degree can be found at <http://www.sb1440.org/>

This degree complies with The Student Transfer Achievement Reform Act (Senate Bill 1440). To earn this AA-T degree, students must meet the following requirements:

- (1) Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
 - (A) The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
 - (B) A minimum of 18 semester units in the major or in a major area of emphasis as determined by the community college district.
- (2) Obtainment of a minimum grade point average of 2.0. Associate Degrees for Transfer also require that students earn a C or better in all courses required for the major or area of emphasis.

Completion of this AA-T program will provide students the foundation to pursue careers as Art Curator, Interior Designer, Graphic Designer, Photographer, Teacher, Administrative Assistant, and Teachers Assistant.

MAJOR REQUIREMENTS

Students will not be required to complete additional local graduation requirements to obtain the AA-T degree.

AVIATION MAINTENANCE TECHNICIAN

APPLIED TECHNOLOGY DIVISION

ASSOCIATE DEGREE

PROGRAM OVERVIEW

To meet the aerospace industry's demand for well-trained, certificated aircraft mechanics, the college offers an Aviation Maintenance Technician Associate Degree, an Airframe Maintenance Technician Certificate, and an Aircraft Power Plant Technician Certificate. Upon qualifying by written, oral, and practical examinations, students are issued Federal Aviation Administration (FAA) certificates by the FAA.

NOTE: The Aircraft Maintenance program is a cohort sequenced program with classes starting every eight weeks, and full-time, evening schedules.

CREDIT FOR FAA CERTIFICATES

Please consult with the Chair of the Aviation Department regarding credit for FAA Airframe and/or Power plant license. To be awarded an Associate of Science degree, the student must also complete all general education and graduation requirements plus 12 units of residency requirement at West Los Angeles College.

NOTE: Students in the Aviation Maintenance Program grant permission to the Federal Aviation Administration (FAA) to review their college grades and records for certification purposes.

ATTENTION TRANSFER STUDENTS

NOTE: Students expecting to transfer to four-year institutions should see a West Los Angeles College counselor and consult the catalogs of transfer institutions regarding specific requirements for upper-division standing.

MAJOR REQUIREMENTS

NOTE: Aviation Maintenance Technician Classes 1-24 must be completed with a grade of "C" or better. Students must have a minimum 2.0 GPA in Aviation Maintenance Technology prior to enrollment in AVIATEK 23 and 24.

PROGRAM LEARNING OUTCOMES (PLOS):

Upon completion of this program, students will:

- To effectively communicate both verbally and in writing with a variety of personnel using proper terminology, records, and forms.
- To be able to apply basic mathematics and graphic principles as used in aviation (aerospace).
- To apply aerodynamic principals in the assembly, repair and maintenance of power plant and aircraft structures.
- To apply basic electrical principals as it applies to electrical and mechanical components. The proper use of the multi-meter is now a FAA requirement.
- To properly inspect, check, service, repair and overhaul airframe and airframe components.
- The proper use of tools, equipment, safety apparel. The proper procedures for safety in and around aircraft and equipment.
- Proper work ethics for independent and collectively working with management, co-workers, and the Federal Aviation Administration in order to maximize efficiency in the work place.
- The student must review the information that will be required by the FAA to pass their required examinations for certification.

AWARD	TYPE	GRAD PLAN	REQ COURSES UNITS	TOTAL UNITS
Aviation Maintenance Technician	AS	Plan B	72	90
Aircraft Power Plant Technician	Cert	N/A	54	54
Airframe Maintenance Technician	Cert	N/A	48	48
+ At least 60 degree applicable units (72 total major units and Plan B units) are required to earn an Associate Degree.				

The Associate of Science degree and certificates in Aviation Maintenance Technician is primarily designed for career and technical education and workforce training/development.

NOTE: Students may receive transfer credit for courses at Cal State San Jose and Cal State Los Angeles, as well as at

National University after transfer with an Associate of Science degree.

CERTIFICATE OF ACHIEVEMENT

Aircraft Power Plant Technician

MAJOR CODE: 0950.20

PROGRAM OVERVIEW

The Power Plant Maintenance Technician program is designed for workforce training and transfer. To meet the aerospace industry's demand for well-trained, certificated aircraft mechanics, the college offers a Power Plant Maintenance Technician Certificate. Upon completion, students qualifying by written, knowledge (oral), and skill (practical) examinations, students are issued Federal Aviation Administration (FAA) certificate by the FAA.

This coursework is designed to improve the knowledge and job skills of Aircraft Maintenance Technicians who are working or wishing to work in the aircraft maintenance industry. Training is given in servicing and overhauls various power plant systems and its components. Aviation Maintenance students use a repair station and three well-equipped laboratories as they work through their hands-on, modularized sequences of courses. This program is certified by the Federal Aviation Association (FAA).

BIOLOGY

SCIENCE DIVISION

ASSOCIATE DEGREE

The Associate of Arts degree in Biology includes coursework that aligns with specific lower-division major requirements for the Biology, Biological Science, and related majors at various universities within the University of California (UC) and California State University (CSU) systems.

Students interested in transferring to a four-year college or university with a major in Biology or related fields of study may also consider the Associate of Arts degree in Liberal Arts and Sciences (Math, Science, and Computer Science emphasis). Students are encouraged to visit the Transfer Center for complete information regarding transfer requirements for the institution of their choice. Students interested in transfer are also encouraged to consult the Counseling Office for individualized educational planning.

The Associate Degree in Biology will provide the student with a strong basic foundation in this science. The curriculum is generally required of lower-division life science majors, as well as pre-dental, pre-medical, pre-optometry, pre-pharmacy, and pre-veterinary students.

PROGRAM LEARNING OUTCOMES (PLOS):

Upon completion of this program, students will:

Biology (General) Program

- Explain how scientists investigate causes of natural biological phenomena.
- Explain how living things are organized, reproduce, acquire matter & energy, and inherit & express genetic instructions.
- Utilize biological information to make informed decisions about environmental issues.
- Utilize biological information to make informed decisions about personal issues.
- Perform basic biological lab procedures.

Biology (Health Science Option) Program

- Use appropriate biological terminology to communicate with purpose and clarity, to consult others, and to question others emphatically for the purpose of making informed decisions regarding the health status of a patient or a family member.
- Recommend strategies to family members and/or patients that will help the human body recover from injury and/or defend itself against disease-causing microbes.
- Recommend strategies to family members and/or patients that will protect the human body from the invasion of disease-causing microbes.
- Explain how living things are organized, reproduction, acquire matter & energy, and inherit & express genetic instructions.

Natural Sciences/Biological Science General Education Requirement (non-biology majors)

- Explain how scientists investigate causes of natural biological phenomena.
- Utilize biological information to make informed decisions about environmental issues.
- Utilize biological information to make informed decisions about personal issues.

AWARD	TYPE	GRAD PLAN	REQ COURSES UNITS	TOTAL UNITS
Biology	AA	Plan B	38	60+
+ At least 60 degree applicable units (38 total major units and Plan B units) are required to earn an Associate Degree.				

ATTENTION TRANSFER STUDENTS

NOTE: Students expecting to transfer to four-year institutions should see a West Los Angeles College counselor and consult the catalogs of transfer institutions regarding specific requirements for upper-division standing.
