relationships, proximities, scales, focal elements, and color material balance.

**INTRDGN 106 Digital Drafting for Interior Design (3) CSU**  
**Prerequisites:** ARC 172, ENV 101  
An introduction to the fundamentals of freehand drawing, drafting, and computer-based drawing for Interior Designers. This course involves 2D and 3D analysis and interpretive studies using drawing as an integral part of the design process.

**INTRDGN 107 Color Theory and Design (3) CSU**  
This course covers the developments and use of color as it relates to interior design. The psychology of color, texture and light effects, the historic value of color, color trends past and present, and the uses of color in build environments.

**INTRDGN 108A Residential Space Planning (3) CSU**  
**Prerequisites:** INTRDGN 102, 106, 107  
This course covers space planning for interior design with an emphasis on complete environmental planning including humane and green environments, client requirements, ADA compliance, architectural considerations, interior and exterior relationships in residential design. Covers basic drawing and 3D modeling techniques in developing design proposals.

**JAPANESE**  
(JAPAN)

**JAPAN 001 Elementary Japanese I (5) UC/CSU**  
This course provides the fundamentals of the Japanese language with emphasis on the spoken word. The Japanese syllabary for Hiragana, Katakana and basic Kanji are introduced. In addition, the course introduces the study of Japanese culture.

**JAPAN 002 Elementary Japanese II (5) UC/CSU**  
**Prerequisite:** JAPAN 1 with a grade of “C” or better

This course continues students’ development of fundamental linguistic communication skills in Japanese. The course also continues the study of Japanese culture.

**KINESIOLOGY**  
(KIN)  
(Formerly Physical Education)

**KIN 185 Directed Study (1) CSU**  
(Formerly PHYS ED 185)  
Students pursue directed studies in Kinesiology on a contract basis, under the direction of a supervising instructor.

**KIN 229 Body Conditioning Skills (1) UC/CSU**  
(Formerly PHYS ED 228)  
This course uses a variety of aerobic and anaerobic exercises to help the student achieve fitness and establish a workout program they can use for the rest of their life.

**KIN 232 Step Aerobics Activity (1) UC/CSU**  
(Formerly PHYS ED 470)  
Students are instructed how to safely exercise using step aerobic benches to achieve their personal fitness goals. Additional instruction offered on exercises from a variety of different sources such as yoga, Pilate’s and weight training. Course is open to all levels.

**KIN 245 Body Dynamics Skills (1) UC/CSU**  
(Formerly PHYS ED 229)  
Emphasis is on physical fitness through a non-traditional strength training. Students will leave with and extensive exercise library using nontraditional equipment (fit balls, bends, medicine balls, etc.).

**KIN 250 Weight Training Skills (1) UC/CSU**  
(Formerly PHYS ED 230)  
This course covers the principles of weight training for men and women. It develops a general program of progressive resistance exercises with adaptation and implication for the individual student. Attention is given to terminology, use of equipment, safety precautions, nutrition and weight control, and basic factors of anatomy and physiology.

**KIN 250-1 Weight Training Skills –1 (1) UC/CSU**  
Students develop muscular strength and endurance using weight machines and free weights. They employ proper training techniques necessary to maintain personal fitness throughout the lifespan.

**KIN 250-2 Weight Training Skills –2 (1) UC/CSU**  
Students develop resistance training experience and become involved in a higher level of exercise. They will be exposed to a wide variety of machine as well as free weight exercises and will then design a program based on individual needs.
Course Descriptions

KIN 250-3 Weight Training Skills – 3 (1) UC/CSU
Students develop an advanced level in weight training and techniques that promote muscular strength and endurance. Excelled use of free weights and machines along with safety rules are mastered. Students enrolling in Weight Training III will be given a skills test.

KIN 251 Yoga Skills – (1) UC/CSU
(Formerly PHYS ED 225)
This course is designed to improve both strength and flexibility through mind and body integration. The course focuses on the physical and breathing exercises of Yoga. It will assist with the development of flexibility and strength in the skeletal, muscular, and nervous systems, improve circulation, reduce stress, and increase energy levels. Various styles of Hatha Yoga will be studied and practiced. This course will give the student both the knowledge and the practice to move toward improved health and reduce stress levels.

KIN 251-1 Yoga Skills -I – (1) UC/CSU
Students develop muscular strength and endurance using weight machines and free weights. They employ proper training techniques necessary to maintain personal fitness throughout the lifespan.

KIN 251-2 Yoga Skills -II – (1) UC/CSU
Students are introduced to the physical practice of Yoga, connecting body, mind and spirit. The students are introduced to its origins, asanas (positions), and terminology.

KIN 251-3 Yoga Skills III – (1) UC/CSU
Students’ progress in the physical practice of Yoga asanas, moving beyond introductory positions and sequences, developing balance in body alignment, flexibility, and strength. The students learn additional asanas (positions) and terminology, and gain greater understanding of yoga philosophy and its application to daily life.

KIN 251-4 Yoga Skills IV – (1) UC/CSU
Students’ progress in the physical practice of Yoga asanas, moving to intermediate positions and sequences, developing balance in body alignment, flexibility, and strength. The students learn additional asanas (positions) and terminology, and gain greater understanding of yoga philosophy and its application to daily life.

KIN 252 Track and Field Skills – (1) UC/CSU
(Formerly PHYS ED 262)
This class is for the student interested in developing track and field skills. The emphasis is on teaching fundamentals while working to improve the student’s overall fitness and conditioning levels.

KIN 256 Baseball Skills – (1) UC/CSU
(Formerly PHYS ED 301)
Course will focus on developing fundamental skills, strategies, knowledge of the rules and history of baseball. An opportunity for teamwork experience and game play will be provided. Open to all ability levels.

KIN 257 Basketball Skills – (1) UC/CSU
(Formerly PHYS ED 304)
This course offers instruction, and practice on the fundamental skills and basic techniques of basketball.

KIN 258 Flag/Touch Football Skills – (1) UC/CSU
(Formerly PHYS ED 667)
This course is designed to teach students the rules and skills related to flag football as a team activity.

KIN 259 Soccer Skills – (1) UC/CSU
(Formerly PHYS ED 313)
This course emphasizes fundamental soccer skills, as well as the selection and care of equipment, rules, proper etiquette, terminology and strategies of the game. The student will be introduced to individual and team offense and defense as well as terminology and the five components of fitness.

KIN 291 Volleyball Skills – (1) UC/CSU
(Formerly PHYS ED 322)
This course is designed to teach beginning to intermediate volleyball skills of passing, setting, spiking, serving and blocking. The course will introduce individual and team offense and defense systems, as well as the rules, proper etiquette, terminology, components of fitness, nutritional and injury prevention strategies for volleyball.

KIN 303-3 Aqua Aerobics-3 (1) UC/CSU
(Formerly PHYS ED 232)
This course is an exercise and conditioning activity class that promotes cardiovascular and muscular fitness. It is conducted in a shallow therapy pool and uses foam noodles, kick boards and noodles.

KIN 303-1 Aqua Aerobics-1 – (1) UC/CSU
This is an introductory water aerobics exercise and conditioning class that promotes cardiovascular and muscular fitness. It is conducted in a shallow therapy pool and uses foam noodles, kick boards and noodles.

KIN 303-2 Aqua Aerobics-2 – (1) UC/CSU
This course offers instruction, and practice on the fundamental skills and basic techniques of basketball.

KIN 303-4 Aqua Aerobics-4 – (1) UC/CSU
This course applies the knowledge and experience gained from KIN 303-1 and KIN 303-2 to exercise at intensities designed to increase levels of cardiovascular fitness, muscular strength and endurance and flexibility. Students will journal...
their workouts and caloric intake to focus on reducing body fat. No swimming skills are required.

**KIN 303-1 Aqua Aerobics-4 – (1) UC/CSU**
This course applies the knowledge and experience gained from KIN 303-1, 303-2 and 303-3 to develop a personal water exercise program to meet the demands of career, improve posture, and alleviate pain caused by muscle imbalances. Students will utilize water exercises and resistance equipment to increase levels of cardiovascular fitness, muscular strength, endurance and flexibility. No swimming skills are required.

**KIN 326 Aerobic Super Circuit Lab – (1) UC/CSU**
This course is designed for the individual interested in beginning a personal fitness program. Using fundamentals of exercise physiology, each student will assess his/her level of physical fitness, develop fitness goals, design and implement a personalized exercise program to be performed on circuit training equipment.

**KIN 326-1 Aerobic Super Circuit Lab 1 – (1) UC/CSU**
In this introductory class the student rotates through a series of weight training and cardiovascular exercises using machines for short intervals in a challenging form of conditioning that develops muscular strength, muscular endurance, and cardiovascular endurance concurrently. Students learn the importance of nutrition for peak performance and injury prevention for improved overall wellness.

**KIN 326-2 Aerobic Super Circuit Lab 2 – (1) UC/CSU**
In this beginning class the student rotates through a series of weight training and cardiovascular exercises using machines for short intervals in a challenging form of conditioning that develops muscular strength, muscular endurance, and cardiovascular endurance concurrently. Students learn the importance of nutrition for peak performance and injury prevention for improved overall wellness.

**KIN 327 Lifelong Fitness Lab – (1) UC/CSU**
Students develop flexibility, muscular strength, muscular endurance, cardiovascular endurance, and body composition. Students learn how to achieve a healthy lifestyle, proper fitness balance, nutrition. Cardiovascular disease prevention and education is a main component of this course.

**KIN 329 Body Conditioning – (1) UC/CSU** *(Formerly PHYS ED 666)*
This course uses a variety of aerobic and anaerobic exercises to help the student achieve their physical fitness goals. Students will establish a workout program they can use for the rest of their life. Exercises are drawn from a number of different sources such as yoga, Pilates, dance and weight training.

**KIN 329-2 Body Conditioning –2 (1)**
This class is designed to incorporate beginning forms, concepts and techniques associated with fitness training.

Concepts discussed include basic muscle anatomy, endurance, muscle strength and endurance.

**KIN 331 Cross Training Lab – (1) UC/CSU**
Students learn a variety of cross training activities to achieve their personal fitness goals. Includes lecture on nutrition, exercise physiology concepts, and participation in a workout designed to improve cardiovascular conditioning and body composition, increase muscle strength, endurance and flexibility.

**KIN 334-1 Walking for Fitness – (1) UC/CSU**
Walking for Fitness focuses on achieving cardiovascular fitness and a healthy lifestyle through walking. Includes such topics as basic fitness walking principles, proper technique, shoe selection, posture, gait, walking styles, flexibility, clothing, safety limitations, assessing fitness level and the physical health benefits from walking.

**KIN 334-2 Fitness Walking-2 – (1) UC/CSU**
Walking for Fitness level 2 focuses on achieving cardiovascular fitness, building workouts and enhancing a healthy lifestyle through walking. Includes such topics as fitness walking training principles overload and specificity, proper nutrition, differences of aerobic versus anaerobic workouts, Target Heart Rate, proper technique, shoe selection, posture, gait, flexibility, clothing, and safety limitations. This course will assess fitness levels and identify the physical health benefits from walking.

**KIN 335-1 Fitness and Weight Control – (1) UC/CSU**
This course emphasizes fundamental soccer skills, as well as the selection and care of equipment, rules, proper etiquette, terminology and strategies of the game. The student will be introduced to individual and team offense and defense as well as terminology and the five components of fitness.

**KIN 345 Body Dynamics Activity-- (1) UC/CSU**
Emphasis is on physical fitness through a regular exercise program including low/high impact aerobics performed to music, and nutrition, diet and body mechanics information.

**KIN 350 Weight Training- (1) UC/CSU**
Weight Training includes an emphasis in the knowledge, understanding and values of building muscle strength and endurance. The course include instruction in the five health related components of fitness (body composition, muscle strength, muscle endurance, flexibility and cardiovascular fitness). The objective is to develop the student’s ability to develop his/her own physical fitness program at any time in life based upon sound physiological principles.

**KIN 350-1 Weight Training 1 – (1) UC/CSU**
This course enhances training skills, including enhanced spotting techniques, enhanced lifting techniques and an introduction to more advanced exercises used in a weight training program. An increased emphasis will be placed in the knowledge, understanding, value and practical application of building muscle strength and endurance. The course will
Course Descriptions

include an increased understanding of the human muscular system. The objective is to further enhance the student's ability to prepare their own physical fitness program at any time in their life and to assist others based upon sound physiological and bio-mechanical principles.

KIN 350-2 Weight Training 2 – (1) UC/CSU
This course covers the principles of weight training for men and women. It develops a general program of progressive resistance exercises with adaptation and implication for the individual student. Attention is given to terminology, use of equipment, safety precautions, program development, fitness assessment, heavy rope training, care and prevention of injury, nutrition for fitness, steroid use, anatomy and physiology.

KIN 351 Yoga – (1) UC/CSU
This course teaches a 5,000-year-old form of mostly isometric poses (asanas), breathing techniques, and meditation. Yoga promotes mental, physical, and spiritual fitness. Yoga teaches a 'way of life'. There are brief lectures covering basic information on hypertension, exercise precautions, body composition, health style, flexibility, nutrition, nutrition supplements, water, physical fitness, nutrition myths, ethics and morality, and stress management.

KIN 351-1 Yoga I – 1 (1) UC/CSU
This introductory course teaches a 5,000-year-old form of mostly isometric poses (asanas), breathing techniques, and meditation. Yoga promotes mental, physical, and spiritual fitness. In addition, there are brief lectures covering basic information on hypertension, exercise precautions, body composition and how to live a healthy lifestyle.

KIN 351-2 Yoga II – 2 (1) UC/CSU
This beginning course teaches a 5,000-year-old form of mostly isometric poses (asanas), breathing techniques, and meditation. Yoga promotes mental, physical, and spiritual fitness. Yoga teaches a 'way of life'. The course also covers basic information on hypertension, exercise precautions, body composition, healthy life-style, flexibility, nutrition and physical fitness.

KIN 351-3 Yoga III – 3 (1) UC/CSU
Students' progress in the physical practice of Yoga asanas, moving beyond beginning positions and sequences, developing balance in body alignment, flexibility, and strength. The students learn additional asanas (positions) and terminology, and gain greater understanding of yoga philosophy and its application to daily life.

KIN 386 Baseball Skills Activity – (1) UC/CSU
This course is designed to provide instruction in the history of and the skills and techniques of baseball. Rules and offensive and defensive team play are taught by drills and game play.

KIN 387 Basketball – (1) UC/CSU
This course is designed to teach all levels of basketball skills. It not only emphasizes fundamental basketball skills such as dribbling, passing and shooting but it also includes the selection and care of equipment, rules, offense and defense strategy, etiquette, terminology and the components of fitness.

KIN 388 Flag Football– (1) UC/CSU
This course is designed to provide weekly participation in vigorous physical activity involving group work in flag football techniques, terminology, rules and regulations.

KIN 389 Soccer– (1) UC/CSU
This course is designed to teach all levels the basic soccer skills of passing, dribbling, shooting, and goal keeping. The course will also introduce individual and team offense and defense, as well as the rules, proper etiquette, terminology, and the components of fitness. Students will learn proper soccer techniques with practice skills and feedback.

KIN 391 Volleyball– (1) UC/CSU
This course is designed to teach the basic volleyball skills of passing, setting, spiking, serving and blocking. The course will introduce individual and team offense and defense systems, as well as the rules, etiquette, terminology and strategies for volleyball.

KINESIOLOGY ATHLETICS (KIN ATH)

KIN ATH 503 Intercollegiate Athletics-Baseball– (3) UC/CSU
This course offers advanced baseball skills and techniques. It provides an opportunity to learn the fine skills and strategies needed to compete at the collegiate level. The course also provides additional exposure to students interested in articulating to four-year colleges or professional baseball programs. Tryouts are required.

KIN ATH 504 Intercollegiate Athletics-Baseball– (3) UC/CSU
This course includes instruction in the fundamental, intermediate and advance principles, theories and skills of Intercollegiate Basketball. The course includes instruction, demonstration and practice of competitive basketball skills, including passing, dribbling, shooting and rebounding as well as individual and team offense/defense. This course requires intercollegiate basketball competition. Tryouts are required.

KIN ATH 506 Intercollegiate Athletics-Cross Country– (3) UC/CSU
This is the intercollegiate cross country team course. It includes endurance workouts, speed training, hill training and weight training. Nutritional concepts are discussed, as well as psychological preparation. This course requires the student athletes to compete as a member of the cross country team. Tryouts are required.
### Course Descriptions

<th>Credits</th>
<th>UC/CSU</th>
<th>Course Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>KIN ATH 508</td>
<td>Intercollegiate Athletics-Football– (3)</td>
<td>UC/CSU</td>
<td></td>
<td>This course is for the intercollegiate football team. The course includes advanced football skills, offensive and defensive, along with special team strategies. The components of fitness for football require running, cardiovascular endurance, agility, strength training, and balance. The class includes football video to study the technique and strategies used while participating as a member of the intercollegiate football team. Tryouts are required.</td>
</tr>
<tr>
<td>KIN ATH 511</td>
<td>Intercollegiate Athletics-Soccer– (3)</td>
<td>UC/CSU</td>
<td></td>
<td>This course is for the intercollegiate soccer team. The course covers fundamental, intermediate, and advanced principles, theories, and skills of soccer. Students will practice the soccer skills of passing, dribbling, shooting, goal keeping, individual and team offense and defense, and will be expected to participate in intercollegiate competition. Tryouts are required.</td>
</tr>
<tr>
<td>KIN ATH 512</td>
<td>Intercollegiate Athletics-Softball (3)</td>
<td>UC/CSU</td>
<td></td>
<td>This is the intercollegiate softball team course. In this course, students learn fundamental, intermediate, and advanced principles, theories, and skills of softball and practice basic softball skills, including throwing, fielding, hitting, and base running while participating in intercollegiate competition.</td>
</tr>
<tr>
<td>KIN ATH 515</td>
<td>Intercollegiate Athletics-Track and Field (3)</td>
<td>UC/CSU</td>
<td></td>
<td>This course is the intercollegiate track and field team course requiring active participation on the college track &amp; field team. The course covers fundamental and advanced principles and theories of track and field techniques, including demonstration and practice of sprinting, hurdling, throwing, vertical and horizontal jumping, pole vaulting, and middle and long distance skills while participating in intercollegiate competition. Tryouts are required.</td>
</tr>
<tr>
<td>KIN ATH 516</td>
<td>Intercollegiate Athletics-Volleyball (3)</td>
<td>UC/CSU</td>
<td></td>
<td>This course is the intercollegiate volleyball team course. In this course, students learn fundamental, intermediate, and advanced principles, theories, and skills of volleyball and practice volleyball skills, including setting, spiking, passing, and offensive and defensive strategies while participating in intercollegiate competition. Tryouts are required.</td>
</tr>
<tr>
<td>KIN ATH 549</td>
<td>Intercollegiate Cheer/Yell Leaders (3)</td>
<td>UC/CSU</td>
<td></td>
<td>This course covers fundamental to advanced principles of drill patterns, yell, dance, stunt and cheer leading routines. Instruction, demonstration and practice of yell, dance, stunt and cheer leading skills. Students will be required to perform at athletic events and competitions as part of the course requirements.</td>
</tr>
<tr>
<td>KIN ATH 552</td>
<td>Intercollegiate Sports Conditioning&amp; Skills Training (3)</td>
<td>UC/CSU</td>
<td></td>
<td>This course is designed for the student athlete. The following areas are emphasized: the analysis and training of athletic skills, the analysis of offensive and defensive systems, physical conditioning, strength training and aerobic conditioning.</td>
</tr>
<tr>
<td>KIN ATH 553</td>
<td>Intercollegiate Football Fitness &amp; Skills Training (1)</td>
<td>UC/CSU</td>
<td></td>
<td>This course is designed for the student athlete. It is intended to provide focused strength and conditioning exercises, emphasize safety and injury prevention and present new rules and game plays for football.</td>
</tr>
<tr>
<td>KIN ATH 554</td>
<td>Intercollegiate Track/Field-Fitness &amp; Skills Training (1)</td>
<td>UC/CSU</td>
<td></td>
<td>This course is designed for the student athlete and is intended to provide focused strength and conditioning exercises, teach safety and injury prevention and present new rules for track and field.</td>
</tr>
<tr>
<td>KIN ATH 555</td>
<td>Intercollegiate Cross Country-Fitness &amp; Skills Training (1)</td>
<td>UC/CSU</td>
<td></td>
<td>This course is designed for the student athlete and is intended to provide focused strength and conditioning exercises, teach safety and injury prevention and present new rules for cross country.</td>
</tr>
<tr>
<td>KIN ATH 556</td>
<td>Intercollegiate Basketball -Fitness &amp; Skills Training (1)</td>
<td>UC/CSU</td>
<td></td>
<td>This course is designed for the student athlete and is intended to provide focused strength and conditioning exercises with an emphasis on safety, injury prevention, and new rules and game plays for basketball.</td>
</tr>
<tr>
<td>KIN ATH 557</td>
<td>Intercollegiate Baseball-Fitness &amp; Skills Training (1)</td>
<td>UC/CSU</td>
<td></td>
<td>This course is designed for the student athlete. It is intended to provide focused strength and conditioning exercises, emphasize safety and injury prevention and present new rules for baseball.</td>
</tr>
<tr>
<td>KIN ATH 558</td>
<td>Intercollegiate Soccer-Fitness &amp; Skills Training (1)</td>
<td>UC/CSU</td>

</table>
increase explosiveness and speed. The student also learns strategic plays necessary for competition at advanced levels.

**KIN ATH 571 Intercollegiate Cheerleading-Fitness & Skills Training (1) CSU**
This course is designed for members of the West LA College cheerleading team and develops knowledge and provides skills to condition the body for cheer. In addition to exploring various conditioning programs, it offers an opportunity to enhance cheerleading techniques.

---

**KINESIOLOGY MAJOR (KIN MAJ)**

**KIN MAJ 100 Introduction to Kinesiology (3) UC/CSU**
Kinesiology is the study of the art and science of human movement throughout our lifespan. Students will be introduced to the evidence-based research supporting the therapeutic effects of exercise in improving health and society in our communities, schools, work place and clinical settings. Kinesiology provides areas of study in health and fitness promotion, clinical exercise physiology, biomechanics, motor learning and development, athletic training, dance, adapted physical education, pedagogy, sports psychology, sports nutrition, sports management, exercise equipment design and testing and wellness coaching as well as pre-professional training for cardiac rehabilitation, gerokinesiology, physical therapy, public health and policy, medicine and research.

**KIN MAJ 126 Fundamentals of Athletic Training (3) UC/CSU**
This course is designed for future athletic trainers, physical educators, coaches, physical therapists and anyone else who plans on working with active individuals who are prone to injury. This course introduces the concepts and practical skills of athletic training, including the prevention, recognition, evaluation, and management of athletic injuries.

**KIN MAJ 127 Advanced Athletic Training (3) UC/CSU**
This course will build on the knowledge and skills introduced in Kin Maj 126. The student will acquire more clinical experience and learn advanced techniques in the prevention, recognition, evaluation, and management of athletic injuries using an Evidence-based practice approach.

**KIN MAJ 128 Care and Prevention of Athletic Injuries (3) UC/CSU**
The scope of this course includes the diagnosis and treatment of common athletic injuries, movement dysfunctions and upper/lower body impairment syndromes. The internal and external factors will be examined and discussed to provide the most appropriate care and management strategies.

**KIN MAJ 143 Academic Success for Student Athletes (3) UC/CSU**
This is a college orientation course designed to help student athletes set educational and career goals, develop good study habits, learn about college resources and acquire job hunting skills.

---

**LIBRARY SCIENCE (LIB SCI)**

**LIB SCI 101 Library Research Methods (1) UC/CSU**
This course teaches the student to develop efficient research skills utilizing traditional print and selected electronic library resources. These skills will optimize the student’s educational experience and enhance his or her ability to realize independent life-long personal benefits from using the library. Standard research techniques are emphasized, and both general and specialized information sources are examined. Students will gain experience and confidence using the various types of reference works in the library and on the Internet to write a successful research paper including note-taking and outlining skills, and selected documentation style.

UC Transfer Credit Limit: A maximum of one course from LIB SCI 101 or LIB SCI 103.

**LIB SCI 102 Internet Research Methods (1) UC/CSU**
Successful completion of this course will enable the student to find and assess information found on the Internet. The student will also be able to devise effective search strategies in the pursuit of academic and personal interests utilizing approved principles of access, and standardized evaluation criteria.

**LIB SCI 103 Information Literacy: Search Strategies, Tools, and Resources (2) UC/CSU**
This course combines modern, up-to-date search strategies with the latest research tools to enable the student to access pertinent information and data from both print and electronic research resources. UC Transfer Credit Limit: A maximum of one course from LIB SCI 101 or LIB SCI 103.

**LIB SCI 104 Advanced Internet Research (1) CSU**
This course provides extensive coverage of the Internet and the World Wide Web using specialized and meta-searchers to find resources on the web and on the so-called “deep web.” The student will learn to monitor the growth and direction of the internet, and learn how the Internet affects society’s views of privacy, intellectual property rights, social interaction, and communication.

---

**MANAGEMENT (MGMT)**

(Also see Business.)

**MGMT 001 Principles of Management (3) CSU**
This course provides an introduction to the principles of management. A detailed analysis of basic managerial functions including planning, organizing, leading and
