INTERNATIONAL AREA STUDIES – MIDDLE EAST (AA)
MAJOR CODE: 2210.10

The Associate in Arts International Area Studies—Middle East cultivates global citizens who specialize in the Middle East and who study the world from an international/global perspective. Integral to this is to be conversant with Middle East and global politics and governance, markets, culture and society, languages and area studies.

Student learning outcomes promote knowledge of the Middle East as well as enhance awareness of the region and its diverse peoples and cultures and the roles they play in the larger global community.

The Associate in Arts International Area Studies—Middle East degree will enable students to pursue multiple pathways to transfer or careers with a strong understanding of one of the most dynamic regions of the world, the Middle East. The Student Learning Outcomes for this degree focus on politics and governance, markets, culture and society, languages, and area studies:

Program Learning Outcomes: Upon successful completion of this program, students will be able to:

- Develop a process that can lead to insights in understanding a culture other than your own.
- Interact with sympathy and respect to cultural mores, beliefs, and traditions within a global context.
- Acquire knowledge of the key patterns, themes, events, and figures of the past and present, across the global spectrum.
- Utilize and exercise available resources to conduct topic investigations in order to analyze what one sees and experiences within a global vision.
- Develop cross-cultural competency, empathy, and insight into the human experience that transcends demographic categorizations.
- Seek out and engage in opportunities that broaden their perspective and increase their responsibility to community both locally and globally.

Note: in addition to the following degree requirements, two semesters of a foreign language are recommended.*

Required courses .................................................................27

- ANTHRO 102 Cultural Anthropology............................... 3
- ANTHRO 134 Peoples & Culture of the Middle East ....... 3

- POLI SCI 2 Comparative Politics ..................................... 3
- POLI SCI 7 International Relations ................................. 3
- POLISCI 60 Intro to Globalization ................................. 3

Additional LACCD GE plan units .............................................18

(21 units, minus 3 major units that may be double-counted as GE)

Degree-applicable elective units.............................................15

TOTAL ......................................................................................60

*Recommended foreign language courses:

- ARABIC 1 Elementary Arabic I...................................... 5
- ARABIC 2 Elementary Arabic II.................................... 5

KINESIOLOGY

KINESIOLOGY & ATHLETICS DIVISION

KINESIOLOGY (AA-T)
MAJOR CODE: 0835.00

The West Los Angeles College curriculum for the Associate in Art in Kinesiology Transfer Degree is designed to prepare students for transfer to bachelor degree programs in
Kinesiology, Exercise Science, Physical Education, Physical Therapy, Athletic Training, Coaching or Fitness Management. Kinesiology courses align with lower-division major requirements at various institutions within the California State University (CSU) system and provide students with an opportunity to complete the first two years of study in the CSU system. Students are required to complete 60 units of degree-applicable courses, with a minimum grade point average of 2.0. Students must earn a minimum grade of “C” (or “P”) for each course in the major, and completion of IGETC and/or CSU GE-Breadth. Students interested in transferring are encouraged to visit the Counseling Office for individualized educational planning.

Program Learning Outcomes: Upon successful completion of this program, students will be able to...

- Understand, recognize, and appreciate the maximum benefits provided by physical movement for developing individual health and wellness.
- Understand the five components of fitness: cardiovascular endurance, muscle strength, muscle endurance, flexibility and body composition.
- Assess the risk factors of specific training activity and practice safety precautions.
- List activities that are beneficial for modifying body composition.
- List activities that benefit the cardiovascular system.
- Apply and practice the concepts of teamwork, cooperation, communication and respect for each other.

Required courses.................................................................................. 11

ANATOMY 001 Introduction to Human Anatomy ..........4
KIN MAJ 100 Introduction to Kinesiology..................3
PHYSIOL 001 Introduction to Human Physiology ..........4

Elective units (chosen from any three of the following sets).......... 3

Aquatics:
KIN 303-1 Aqua Aerobics I .........................1
KIN 303-2 Aqua Aerobics II .......................1
