IF YOU ARE FOUND CHEATING ON ANY RESEARCH PAPER, ASSIGNMENTS, QUIZZES OR EXAMS YOUR SCORE THAT WILL BE RECORDED WILL BE A ZERO FOR THAT ITEM AND YOU WILL NOT BE ELIGIBLE FOR ANY FURTHER EXTRA CREDIT. Research Paper (written assignment): Worth up to 15 pts. Due December 2nd, 2013, 11:59 PM.

“Real-life” research paper- Students, write a paper on a health topic that has directly influenced or affected your family or personal experience. One example will be a **Personal Impact paper-** The topic must have a **cover page** and a **reference page (MLA format)**. Paper must be at least **6 pages in length (4 pages of content)** and be **typed in 12 point font** and be **double spaced**. Fifty percent of the paper will describe why this topic has made a personal impact on to you and what you the student hopes to learn by researching this topic. The second half (fifty percent) of the content will be dedicated to investigative research of this topic and must include **proper citations** along with a **reference page**. **Students must cite at least two resources in the paper. Examples may be: alcohol and drug abuse, violence, mental health issues, family history of disease or personal ailments/conditions, food choices, obesity, eating disorders, exercise, culture and health topics, pregnancy, STIs, stress.**

Again, the research paper/personal impact paper is due on the aforementioned date and online only. Please submit research paper online in the “Assignment” section of the course labeled “research paper”.

Your research paper is due by December 2nd, 2013 11:59 PM. I will accept the research paper up till December 3rd, 2013 8:00 AM in the morning. The student will not be able to submit the research paper after December 3rd, 2013 8:00 AM in the morning the students will receive a “zero” for the research paper. The latter can endanger a student to receive a very low final grade. I strongly advise you to submit this research paper online before the midterm exam. If anyone submits the research paper to me at my email address then you have not followed directions and the student will earn a zero on the research paper.

Threaded Discussions: Worth up to 15 pts. All students are **required** to respond to **all** health topics posted online in the **Discussion section**. A **discussion** summarizing facts as well as your respectable thoughts is to be included in your responses. Failure to include the aforementioned on **each** threaded discussion topic will result in a **zero**. Each topic will have a **closing date** and at that point each topic and response will be **locked** and the student and the instructor can only view the topic and the responses.

EXTRA CREDIT: Quizzes 10 points each; maximum a student can **earn** is up to **20 points** during the entire semester for **2 quizzes**. **NOTE:** In order to earn the maximum extra credit of 20 points, the student must complete all 10 quizzes on time. Failure to complete all 10 quizzes will result in “zero” extra credit points earned. **No exceptions.**
