**Course Description & Objectives**

General study of health designed to promote desirable health attitudes and to provide up-to-date information in the areas of individual, family, and community health. As a result of taking this course, students will be able to:

- Explain the importance of a healthy lifestyle in preventing premature disease and in promoting wellness.
- Identify one's personal responsibility to reduce health risks associated with the leading causes of death and disability by recognizing high-risk behaviors and their impact on current and future health.
- Understand the importance of a global perspective on health, and recognize how gender, racial, and cultural background influence disparities in health status, research and risk.
- Identify the key components of personal fitness and describe the benefits of regular physical activity and a healthy diet.
- Demonstrate through performance on exams, projects, classroom discussions and written assessments, evidence of ability to understand and use the concepts of this class.

**Program/Course Learning Objectives-** After completion of this course,

- **Students will evaluate a chosen health topic and formulate their ideas in a written assignment.**
- **Students will identify the components of physical fitness.**

**Student's Responsibilities**

- Attend class, be punctual, be considerate of others and participate in class discussions. A roll-sheet will be provided the first 10 minutes of class. Once the roll-sheet has been collected, you cannot sign in and will be marked tardy/absent. When 5 absences are recorded you will be dropped from class. PLEASE DO NOT CALL THE OFFICE SIMPLY TO REPORT THAT YOU WILL NOT BE IN CLASS.
- Read the assigned material in order to learn the information and apply to classroom discussion.
- Paper Format- submit all projects/papers TYPED, DOUBLE-SPACED, 12 point, blank ink font on white paper. Must be turned in on the due date. Ten percent per day will be deducted for late work for any reason. Emergencies should be discussed with the instructor.
- Cell phones must be turned off or on silent during class. NO TEXTING! If I see your phone or MP3 player at ANY time once class has started, then there will be

consequences. 1st strike- minus 5 participation points. 2nd strike- minus remaining 5 participation points. 3<sup>rd</sup> strike- you will be DROPPED from the class. Texting during class is an inexcusable sign of disrespect and I will not hesitate to drop you.

- If you withdraw from this class, you must formally file a drop card at the admissions office. Failure to do so will result in a failing grade at the end of the semester.
- Cheating/plagiarizing will not be tolerated. You will get a ZERO score on the exam(s) and no extra credit points can apply to your overall grade.

## **Course Structure**

### **Assignments:**

#### **Current Event Report- DUE October 28th**

Find an article in a newspaper, magazine or online and write a two-page double spaced report on the impact of the current event on health. Offer suggestions or insight on the situation. You must connect the article to information found in the textbook and quote the textbook page number. To get full credit for this assignment, you must attach the current event article and two or more textbook page numbers with corresponding info.

#### **Personal Impact Paper: DUE November 25th**

“Real-life” research paper- Students are required to write a paper on a health topic that has directly influenced or impacted his/her family or personal experience. The topic must have a cover page and a reference page (MLA format). Suggestions- paper will be at least 6 pages in length (4 pages of content) and be typed in 12 point font and be double spaced. Margins will not be larger than 1 inch top, bottom and sides. Fifty percent of the paper will describe why this topic has made a personal impact on you and what the student hopes to learn by researching this topic. The second half (fifty percent) of the content will be dedicated to investigative research of this topic and must include proper citations along with a reference page. Students must cite at least two resources in the paper. Examples may be: alcohol and drug abuse, violence, mental health issues, family history of disease or personal ailments/conditions, food choices, obesity, eating disorders, exercise, culture and health topics, pregnancy, STIs, stress
