Important Format of the Class:

This course has an online shell that has all of your assignments and formats for your assignments within the content of the shell. We no longer give out handouts and forms. You will have to go online and log-in to the class. There you will also find additional resources. Each week you will have to fill out the demonstration form for you in class activities. They are already labeled for you. When you are working on your final notebook you will have to do the same process. I strongly suggest that you invest in a USB device or an external drive that you can download all of the forms that you need. Work on those forms and please-SAVE YOUR WORK to both your computer and your USB device. After you have saved your work, print out the copy of the finished work. Remember you have to bring in 5 copies of your lesson plans to share with your small group participants each week an interactive class activity is due. All your grades will be posted online in the Course Shell as soon as it is graded and released. We are doing this to prepare our students for the future which has been impacted by technology. You must take a computer course!!!

This must be turned in at the end of the semester. Make sure you make a copy of it before turning it in!!!!

We can talk on the phone, you can fax me, e-mail me, meet during my office hours, or you can make an appointment.
