WEST LOS ANGELES COLLEGE ACADEMIC SENATE
WINLOCK LOUNGE
February 17, 2009
12:45–3:00 PM

“Developing as Professionals & Producing Better Student Outcomes”

Present: Patterson, Rod, President; Sweeney, Joyce, Secretary; Canales, Carrie, Treasurer; Banday, Patricia; Blustein, Bonnie, Bucher, William; Chow, Judy; Evans, Elizabeth; Hager, Robert; Ichon, Eric; Jacobs, Betty (alt.); Leonard, Fran; Michels, Margot; Morrison, Phyllis; Nicholas, Vanita; Workman, John; Dubois, May; Foster, Adrienne;

Absent: Aguiar, Ara, Vice President (excused); Crippens, Eloise, Chiang, Ana; Jordan, J; Olivas, Richard; Siever, Patricia (excused); Simone, Yvonne; Taylor, Alice (excused).

Guests: Mark Rocha; Lloyd Thomas; Curt Riesberg; Clare Norris; Kathy Boutry; Lin, Ken; Michael Goltermann; Betsy Regalado; Sunny Leon

The meeting was called to order by the Senate President, Rod Patterson, at 12:55 PM with a quorum present.

I. ORGANIZATIONAL ITEMS

1. The agenda was adjusted to hear faculty introductions before proceedings and then confirmed. MSP VI, 6.

   Introduction of new English department faculty, Clare Norris and Kathy Boutry, was made by Division Chair, Betty Jacobs. Both of these instructors had formerly been adjuncts at WLAC and now are full-time probationary instructors. Ken Lin, new probationary Library Science instructor, was introduced by Judy Chow, Division Chair. Mr. Lin will be serving as Senator for Library Sciences.

   Minutes of December 9, 2008 were approved as read.

   An announcement was made that the State Academic Senate’s Award of Honorable Mention was given to West Los Angeles College for its Leadership Retreat, by the Board of Governors. This was accepted for us by Fran Leonard in Sacramento.

II. ADMINISTRATION REPORT was presented by college President, Dr. Mark Rocha, who began by welcoming the faculty to the Spring Semester. Classroom management is being examined. There are rules and regulations in place, but everything needs a restatement as WLAC will have zero tolerance for students acting out. It has been noted that by far, the students at WLAC are well behaved. Library hours for our college were cut back, but administration is looking at readjustment of these hours, while still considering the cost, as the State of California does not have a working budget yet in place and the college district is working on borrowed money. There is an anticipated budget revision in April of 2009 for the District. Even though planning must be tight and lean, the forward motion of WLAC must continue. Dr. Rocha will soon be going to Washington D.C. with a contingent from District. They will be looking for opportunities
of external grants, such as for international students, veterans' programs, and online classes. The areas in which WLAC's administration is encouraged include 1. the college's commitment to growth, evidenced by new full-time faculty hiring; 2. the Accreditation Focused Mid-term Report, which has been termed by District, as awesome; and 3. the new Technology Master Plan, which is ready to be finalized. Chancellor Drummond has remarked on the growth and commitment of WLAC, calling us THE model college. This is the result of a hard-working and involved faculty and student body. Building Management Committee meets the first Thursday of every month and everyone is welcome to the meetings. Senate representatives are Rod Patterson, Ara Aguiar, and Jeff Lee, while Senator Alice Taylor actually represents the Union on this committee. A contractor for constructing the new access road to the college from Jefferson has been selected.

III. PUBLIC SPEAKERS: None at this time

IV. ASO REPORT TO THE SENATE: None at this time.

V. OFFICERS' REPORTS

1. Rod Patterson – President

   New Certificates: Congratulations to the divisions and faculty that created and obtained approval for new certificate programs, as approved by the Board of Trustees on February 11, 2009:
   - Business Application and Database Management (16 units)
   - Computer Network Management (17 units)
   - Legal Secretary (17 units)
   - Network and Information System Security (16 units)
   - Web Support and Administration (16 units)

2. College Access Road – A contract for the construction of the College Access Road was approved by the BOT in the amount of $ 5.98 Million with an expected completion date of September 2009.

3. Resubmission of Non-Compliant Degrees – The college has approved the revised Liberal Arts and Sciences – General Studies Degree to now offer four (4) areas of emphasis: Mathematics, Sciences and Computer Science; Social /Behavioral Sciences; Arts and Humanities; and Health Professions. Thanks to Eloise Crippens, Ara Aguiar and Linda Clowers for your work on this important matter. We anticipate State approval based on the positive feed-back from the State’s representative.

4. Technology Master Plan – A final version 6 was distributed and now awaits the recommendation of the Educational Policies Committee to the full Senate. The plan will be presented for final approval at the March 10 Senate meeting.

5. Accreditation Update – Many thanks to Fran Leonard and all who worked so diligently to produce an outstanding Accreditation Focused Midterm Progress Report. The plan has been signed by campus constituency groups and has already been approved by the Senate in principle. It will be presented to the BOT in 2 weeks.

6. Class Cancellations: When all is said and done, section offerings in Fall 2009 have been reduced by 18% compared to Fall 2008. This is a staggering blow to the college, and it reflects the State of California’s budget crisis since we did not receive the
growth funding as promised. Still, credit enrollment at the start of Spring 09 is up 31 percent. Obviously, class size averages are increasing dramatically.

7. DAS Agenda – The DAS has an initiative to boost student access to financial aid. Town Hall meetings are planned on all campuses within the LACCD on February 18. At West LA, the meeting will be in the Financial Aid office. Refer to the following link: http://www.laccd.edu/news/townhall5b.htm

Also, the DAS is proposing the addition of a new section to the course approval form (formerly the PNCR). The new section introduces the concept of Essential Academic Skills to include: critical thinking skills, self-reflective learning, computer competency and information competency. It appears next to the SCANS competencies in the proposed format. The DAS is preparing a series of proposed rules changes to reflect Title 5 changes.

8. Faculty Teaching and Learning Academy – The LACCD has launched the FTLA which meets at City College. West LA faculty participants include Joyce Sweeney, Holly Bailey-Hoffman, Bonnie Blustein, Nuala Lincke-Ivic, and Paul Zolner.

2. Aracely Aguiar – Vice President is absent.

3. Carrie Canales – Treasurer reported that $90.00 in dues have been added to the treasury.

VII. 1. It had been moved by Eric Ichon: "That the Senate reaffirms the alignment of the Education Department with the Library and Learning Resources Division.” The discussion began with a statement from Mr. Ichon that realignment should be done with Senate and Union agreement, per union contract. It appears that Administration placed the Educational courses in question in the Social Sciences Division without going through the procedure as outlined by contract. Elizabeth Evans pointed out that Education 100, which involves the Child Care program and is in the Social Sciences Division, has a distinction from other Ed courses offered at this college. They wish to remain in the Social Sciences Division. The Ed courses under this discussion are specifically for the students' growth. Our Senate's representative to District's Education Discipline group is Curt Riesberg and he will ask how other colleges handle the question of differing Education/Educational courses. A substitute motion was made by Bonnie Blustein, with the agreement of the original motion's author, "That the Senate informs the Administration, that since the procedures for changing alignment of Educational courses under consideration have not been followed, that they shall remain in the Library and Learning Resources Division."  

MSP

VI. ACADEMIC AND PROFESSIONAL MATTERS

1. Accreditation Focused Midterm Progress Report

Fran Leonard will be presenting in person, the finished report to BOT next week. This document has been posted on WLAC's website for the community to read. We had been challenged by the commission to stop endless planning and move on to action. WLAC went on to do more than just comply with that requirement, but to exceed the requirements. We have noticeable progress. A vote of thanks was offered to Fran for all the work that has been accomplished. A motion was made from the floor that the Senate approves the Accreditation Focused Midterm Progress Report due to be submitted to the ACCJC no later than March 15, 2009."  

MSP
2. **Curriculum Committee Report** was presented by Lloyd Thomas, who passed around a handout outlining the next steps that WLAC must take in developing a full SLO program. This information is also published on the college's website. A high SLO proficiency level should be attained by 2012. Cross-discipline examination of the SLO submissions should be held to discover interesting similarities between departments, therefore team with a person from another department in this examination. By so doing, we will help each other's areas of learning.

3. **Degree Works** presentation by VP Betsy Regalado and Sonny Leon was given to help faculty understand a new District-wide software tool that is now being used by Matriculation. Hopefully this will increase graduation and student transfer to the UC or CSU systems. It will clarify students' standing towards such goals. It can even forecast course demand. This is funded through the matriculation portion of the budget. There is to be another software program that will cross reference neighbor colleges' courses equivalences, with section to list substitution classes. This program will also be able to pull students' records from the whole LACCD system. This latter portion is currently in the training stages. It is forecast that this whole software system will be used college-wide by the Fall Semester, with four universities, such as UCLA, already using it.

4. **DAS Agenda Items** were presented by our representative, May Dubois, through a handout. The District Academic Senate meets the second Thursday of each month, which is in conflict with WLAC's College Council, so it works difficulties in attending both sessions.

5. **Building Program Management** Report Senate President Patterson stated that follow-up meetings with the planners and construction workers for the new buildings must be made after making recommendations to them, to ascertain that those recommendations are implemented. Fay Gonzales at District office may be contacted to see examples of furniture to be placed in the new buildings.

---

**VIII. ANNOUNCEMENTS AND INDICATIONS OF PROPOSED FUTURE ACTIONS**

1. There will be a Financial Aid Town Hall meeting tomorrow for students to learn of available offerings.

2. Black History Month will be celebrated at WLAC on Friday evening, February 27, 2009 in FA 100 with a musical program.

3. The second floor CE building offices are leaking badly due to the rains and are beginning to smell of mildew and mold. It was recommended that the Work Environment Committee be contacted to address this ongoing problem.

**IX. ADJOURNMENT** at 3:05 PM - Next meeting: March 10, 2009

Respectfully submitted,

Joyce Sweeney, Secretary
