Welcome to West Los Angeles College. The Veterans Office and Veterans Services Office are here to assist and answer any questions you may have about Veterans resources and Veterans benefits. The Veterans staff will submit all of your documentation for benefits to the Veterans Administration Regional Office, which is located in Muskogee, OK.

Eligibility for Veterans benefits can only be determined by the department of Veteran Affairs (VA), so if you have questions regarding your status, you will need to contact the VA immediately.

As a student who is enrolled at West Los Angeles College, you have the opportunity to schedule an appointment to talk with an Academic Counselor for an advising session. You may also see a Career Counselor to assist you in selecting a major which then will have to be approved by the Veterans Administration. All VA educational benefits are paid based upon enrollment and attendance in the approved classes which are appropriate for the major.

If you should have any specific question about your Veterans benefits, you need to contact the Veterans Affairs Office at:

West Los Angeles College VA Educational Plan (SEP)

All VA students must obtain a Student Educational Plan from an Academic Counselor in the Counseling Office or a VA Counselor. The VA requires the West Los Angeles College Veterans Office to maintain an Educational Plan for each veteran's educational objective!

Appointments with an Academic Counselor must be made before registering for classes to ensure that the approved classes are being taken for one's major! To make an appointment with an Academic Counselor, please call the Counseling Office.

Failure to obtain an Educational Plan from a Counselor will delay the processing of your Veteran benefits. The Student Educational Plan (SEP) must accompany the Request for Enrollment Certification each semester.

**Note: You are responsible for selecting and enrolling in only those classes which apply to your major. Deviating from the Student Educational Program Plan may result in not being certified for all courses!*

The West Los Angeles College Veterans Office must be notified of any changes to your Educational Plan as soon as possible.

Military Credit

To apply for evaluation of military credit, the following conditions must be met:

1. A minimum of 24 degree applicable units at a regionally accredited college or university must be complete.
2. Of the minimum 24 degree applicable units, 12 must have been completed at West Los Angeles College.
3. Submit a clear and legible copy of the DD214.

If there are any courses that need to be evaluated, which do not appear on the DD214, please submit copies of either "SMART" or "ARRTS" transcripts to the West Los Angeles Veterans Office review.

****NOTE: Military credit will only be applied (if applicable) when the veteran has submitted an application for graduation.***

*DISCLAIMER

Please be advised that there are no State or Federal Statutes which require military credit to be granted to a veteran, but rather, this is a "best practices" policy that West Los Angeles College has adopted for its veterans who are applying for VA benefits.

Continuation of VA Benefits

Due to the high volume of Requests for Certification each semester, all veterans are encouraged to submit both their Student Educational Plan (SEP) and Request for Enrollment Certification as soon as possible, in order for the Veterans Office to review all paperwork before certifying the request.

If you are continuing student, take advantage of the early enrollment period. The earlier you submit your request, the sooner you will be processed for your benefits. Also, note that West Los Angeles College cannot guarantee when you will receive your benefits. Be advised that multiple class changes may cause delays in processing your request.

Extending your VA Benefits

If you are using either Chapter 30 or Chapter 35 benefits, you may be able to request an extension of your benefits. You can submit a written request for an extension of your VA benefits to the VA Regional Office, in Muskogee, OK. (See page 1 for complete address of VA Regional Office).

Non-Required Courses

The Veterans Administration will pay only for required courses listed on your Educational Plan. These approved courses must meet the minimum requirements for graduation established by the Los Angeles Community College District.

Standards of Satisfactory Progress

Students who do not maintain satisfactory progress for two (2) consecutive semesters will not be eligible for any further certifications of Veterans Benefits, unless the student either attends a Counseling 93 class, or elects to sit out the third semester without receiving benefits while completing 67% of the attempted units with a C or better in all of the classes.

“INC”, “F” and “NCR” Grades

If you have received an “INC” or Incomplete for a class, please note that you will have one (1) year to complete the course before the VA may charge you with an overpayment. You will receive a letter from the West Los Angeles College Veterans Office regarding these grades. Please sign and return the letter within 30 days from the date of the letter.

You are responsible to notify the West Los Angeles College Veterans Office when the course grades change from an “INC” to a letter grade on your transcript. Students who receive a grade of “F” for non-attendance may be charged with an overpayment by the VA.

If roll is not taken in class by the instructor, then non-attendance will be determined by the last date of attendance in class from tests taken and homework submitted. Mitigating circumstances may be submitted to the West Los Angeles College Veterans Office, via VA Form 21-4138 to explain what circumstances might have caused an unsubstantial grade.

Financial Aid Assistance (FA)

Be sure to check with West Los Angeles College Financial Aid Office for information on both federal and state financial aid programs (fee waivers, grants, loans and scholarships) which may be available to assist you with your educational expenses. If eligible, you may receive both VA benefits and financial aid funds during the same semester, however the amount of VA assistance you receive may become part of your financial aid package.

*Note: If you are a CH 30 veteran and you have received a California Board

of Governors Fee Waiver to pay for your classes, it may be cancelled after the fact if you no longer have at least \$1.00 of unmet need in your budget, since the state fee waiver is not considered an “entitlement” like the grants or VA benefits. We will notify you if this happens and you may have to pay back the amount paid by the state Board of Governors Grant.

Military Tuition Assistance (TA) Active Duty Status

Service personal and Veterans who are eligible for CH 30 benefits and approved for TA, must submit their paperwork for TA to the West Los Angeles College Veterans Office for processing.

**Note: Veterans who are applying for both VA benefits and Financial Aid funds must notify the Financial aid Office that they are receiving Tuition Assistance from the Veterans Administration. Failure to notify the West Los Angeles College Veterans Office may result in a possible overpayment of VA benefits.*

National Guard Tuition Waivers

National Guard (1606) Reservists may also be entitled to a National Guard Tuition Waiver. This waiver may be used in conjunction with their VA Benefits. More information can be obtained through individual National Guard units. All tuition waivers must be processed through the West Los Angeles Veterans Office.

Parent School Letter

Parent School Letters are issued to students taking courses simultaneously at more than one (1) school. The school that will grant the degree is the student’s “primary” school. All other schools are “secondary” schools.

Students seeking a degree at another institution and attending courses at West Los Angeles College must have approval from the degree granting institution in order to certify the courses taken at West Los Angeles College. A Parent School Letter of Understanding request form must be completed by the student each semester. The student must inform the West Los Angeles College Veterans Office if changes have been made to their enrollment schedule or degree objective after completing the initial Parent School Letter Statement of Understanding. The West Los Angeles College Veterans Office will not issue a Parent School Letter without the receipt of an enrollment schedule. The enrollment schedule must list all courses required for approval by the Parent School.

Be advised that all students attending two (2) schools simultaneously will need to submit a final grade to the West Los Angeles College Veterans Office, upon completion of courses at the “secondary” school, in order to determine student’s satisfactory academic progress.

Orders of Leave

In the event that you are ordered to leave on military duty, you must submit such orders of leave to the West Los Angeles College Veterans Office.

Repeat Courses

The VA will not pay for repeated courses which were successfully completed. Letter grades of "A", "B", "C", "D", or "CR" are approved for payment of required courses. Only "F" or "NC" grades may be repeated, if the courses are required for completion of program.

The Los Angeles Community College District, in compliance with all applicable Federal and State laws, does not discriminate on the basis of race, color, national origin, ancestry, marital status, age, religion, disability, sex, or sexual orientation in any of its policies, procedures, or practices. The District is also committed to maintaining campuses that are free of harassment, drugs, and alcohol. A copy of the District's full policy on nondiscrimination, sexual harassment, sexual assault treatment and counseling, and maintenance of a drug free environment is available in the District's Human Resources Office.
