

Heading for Statistics? Consider Math 122!

Math 122: INTERMEDIATE ALGEBRA FOR STATISTICS

Pre-requisite: Successful completion of Math 115 OR assessment into Intermediate Algebra (Math 125).

Math 122 is an alternative to Math 125 for students who plan to take Math 227 (Statistics) or Math 215 (Mathematics for Elementary School Teachers) or Math 240 (College Algebra), but NOT Business Calculus or Trigonometry.

NOTE: Students majoring in a STEM field should NOT enroll in Math 122. Students majoring in Business, Kinesiology, Economics or other technical fields should consult a counselor.
