Additional information is subject to change without notice for reasons related to changes in federal and state regulations and District policy. Students who have questions about financial aid and the LACCD SAP policy should consult with the Financial Aid Office at their campus. This brochure is a summary of federal, state, district, and college regulations, policies, and procedures. Additional information is available regarding the SAP policy, status determination, and petition procedures and deadlines in your college’s Financial Aid Office.
JUST THE FACTS...

WHAT is Satisfactory Academic Progress (SAP)?

To be eligible for federal and state financial aid programs, students are required by the U.S. Department of Education and the State of California to maintain satisfactory academic progress as they work toward completing their educational objective – certificate, degree, or transfer program. The Los Angeles Community College District (LACCD) has established guidelines to promote timely completion of its educational programs, which are applied to all classes taken in and transfer into the LACCD. The following questions and answers are provided to further explain who is affected by SAP, which financial aid programs are affected, how the policy is applied, what you can do to maintain progress, and how to appeal for reinstatement or extension of aid eligibility. A complete policy statement is available in the Financial Aid Office.

WHICH financial aid programs are affected by the Satisfactory Academic Progress requirements?

Programs governed by the LACCD SAP policy include: Federal Pell Grant, Iraq and Afghanistan Service Grant (FSEOG), Federal Work-Study (FWS), Federal Perkins Loan, Federal Direct Stafford (student) and PLUS (parent) Loans, Cal Grants (A, B, & C), Full-Time Student Success Grant (FTSSG) Child Development Grant, California Chafee Grant, and the California National Guard Education Assistance Award Program. The Board of Governors (BOG) Fee Waiver is exempt from these SAP requirements.

WHO is affected by the SAP policy?

All students who apply for, receive, and/or wish to receive financial aid are affected by the SAP policy and requirements.

All students are monitored for Satisfactory Academic Progress at the end of each payment period (Summer, Fall, Winter, and Spring) or payment periods. Federal guidelines require that we count all classes even if a student was not receiving financial aid at the time they were enrolled. Units from all semesters and terms are counted and evaluated. Also, units from non-LACCD colleges noted on transcripts received by Admissions & Records Offices in the LACCD will be counted and evaluated.

Classes taken at any of the colleges in our District count toward your enrollment status when determining how much you will be disbursed. We therefore hold you accountable for all of the classes that you take within the District.

WHAT are the SAP policy requirements?

1. Maintain a cumulative Grade Point Average (GPA) of 2.0 or higher.
2. Successfully complete a minimum of 67% of all units attempted.
3. Have attempted less than 150% of the number of units required for your academic program.
4. Have not earned an AA, AS, or higher degree outside of the LACCD.

Students enrolled in the BABS program at West LA College may have earned an AA or AS degree.

WHAT is a 2.0 GPA?

Basically, a 2.0 GPA is a “C” average. Your GPA is calculated by dividing the number of “grade points” you received by the number of units completed with a grade point equivalent (i.e., “letter” grades of A, B, C, D, or F). Grades are assigned the following “point” value:

- A = 4 points
- B = 3 points
- C = 2 points
- D = 1 point
- F = 0 points

For example: If you enroll and complete 12 units in a semester with all “C” grades, you will have earned a 2.0 GPA. 24 points divided by 12 units = 2.0

WHAT happens when a financial aid recipient does not meet the Satisfactory Academic Progress requirements?

Warning letters are sent to students who were initially in good standing but now have a cumulative GPA less than 2.0 and/or their successful completion percentage is less than 67%. Students who receive Warning letters should see an academic counselor as soon as possible.

Students should work with an academic counselor to determine the steps they can take to improve their GPA and/or percentage of successfully completed classes. A warning letter is exactly what it says: it is a WARNING. Students remain eligible for financial aid, but they may jeopardize future eligibility if their progress does not improve.

Advisory letters are sent to students after the end of the semester when the number of units attempted reaches or exceeds forty-five (45) and again at sixty (60). Students should see an academic counselor to ensure they are taking the classes needed to reach their educational goal before reaching the 150% attempted unit maximum.

Disqualification letters are sent to students if they continue to not meet the first or second SAP policy requirements (as noted at the top of the second column of this brochure) after a semester for which they received a Warning Letter.

Interim Disqualification letters are sent in the last 30% of the semester before a student is expected to exceed the 150% limit of their academic program.

Disqualification letters are sent to students after they exceed 150% of the attempted units for their academic program. They have not earned an AA, AS or higher degree outside of the LACCD.

HOW are remedial classes treated?

Remedial ESL and other remedial classes are not counted towards the 150% attempted unit limit. Students who are enrolled in ESL courses only may be required to submit documentation indicating they are enrolled in an eligible certificate, degree, or transfer program.

WHY is there a 150% attempted unit limit?

Federal guidelines allow colleges to account for circumstances that may extend the period of time a student requires to complete their academic program. As such, the LACCD will allow students to attempt up to 150% of number of units normally required for their academic program. For example, most associate degree and transfer programs require 60 units, so students may attempt up to 90 units (less than 150%) before being disqualified from financial aid.

WHAT is the procedure if a student wants to appeal their disqualification from financial aid?

Students may submit a written petition to the Financial Aid Office explaining why they were unable to meet SAP policy requirements.

The Financial Aid Office may also require the submission of a Student Educational Plan approved by an academic counselor. Students who do not meet the GPA and/or Success Completion Rate criteria should complete a Petition for Reinstatement of Financial Aid. Students who have attempted 150% or more of the units required for their academic program and/or have completed an AA/AS or higher degree (outside the LACCD) should complete a Petition for Extension of Financial Aid. Petition forms are available through the Financial Aid Office.

Petitions for Reinstatement should address why the student’s academic progress has not met standards and what the student has done to rectify this situation. Petitions for Extension should address either a) why the student needs additional units/classes to complete their program, or b) why they are working on a new educational program (for students who have already completed an AA/AS or higher degree). Students should include any and all documentation that supports their written statements regarding their past academic performance.

Students must submit their petition during the semester for which they want their financial aid eligibility reinstated or extended. Please check with the Financial Aid Office for filing deadline dates, as petitions cannot be accepted after the college’s deadline.

If a student’s first petition is denied, they may submit a second petition, assuming there is still time before the filing deadline date. There is no guarantee that a student will have time to submit a second petition if their first petition was not submitted in a timely manner.

If a student believes the Financial Aid Office has not followed federal, state, district, and/or college policies and guidelines, they may submit an Administrative Review. An Administrative Review must be submitted before the end of the affected semester. An Administrative Review is not a third petition - they can only be submitted based on whether the student believes the college followed the policies and guidelines that govern the SAP criteria, calculation, and/or petition process.
