

**Program Review Committee Meeting**  
**Minutes**  
**March 21, 2007**  
**2:00 p.m. to 3:00 p.m.**  
**PCR**

**Attendees: C. Froloff, F. Leonard, J. Oester, A. Preziosi, M. Shepard**

- I. Minutes from March December 18, 2006 approved.
- II. Update on Completed Program Reviews – How are these evaluated?
  - a. Group discussed the possible evaluation mechanisms. Currently, all VPs receive and review all the program reviews in their divisions and resource requests are prioritized based on them.
  - b. To evaluate future program reviews, the consensus was that the Academic Senate and the College Council were the best choices for evaluating annual program review reports.
  - c. However, for evaluating current program reviews that have been received in the 06/07 academic year, C. Froloff was to devise a chart and divide the program reviews among the members of the program review committee. The program review committee would then provide a chart outlining program, areas of strength, and areas that need improvement and present a report to the Academic Senate, Planning Committee, & the College Council.
- III. Update on online program review process – Balances in multiple state grants might be a source for funding electronic program review.
- IV. Adjournment.
