Office of Student Services	studentservices
Transfer	transfer

## Admin Services Access IDs

<b>Unit</b>	<b>Access ID</b>
Academic Affairs	acadaff
Business Office	busoff
Civic Center Permits	ccpermits
Enterprise Services	entsvcs
Information Technology	infotech
Personnel/Payroll	payroll
Plant Facilities	plantfacilities
Reprographics/Mailroom	repromail
VP of Admin. Services	Vpadminserv

## West LA Program Review System - Brief Overview

### PURPOSE

1. It is a process to improve the teaching and learning environment that every person of the college community is committed to.
2. It is required by the California Code of Regulations, Title V, Section 51022.
3. It is required by the Accrediting Commission for Community and Junior Colleges.

### GOALS

1. Develop systematic information about the college to foster communication and understanding.
2. Improve the college through a process of self review.
3. Support student success and progression through the college curriculum by assuring proper placement, retention, completion, transfer, graduation, participation in campus programs and the use of campus resources in the attainment of a quality student life experience.
4. Provide an assessment of effective application of college mission and goals.
5. Integrate the self-assessment findings into the college planning process.
6. Support College functions of accreditation, matriculation, student equity and Faculty Position Identification and Prioritization (FPIP).
7. Foster an appreciation of the value of college programs.

### PROCESS

The online Program Review system is broken down into three phases:

**Phase I:** Each Unit (Discipline, Admin Services, and Student Services) completes a program review for their respective areas.

**Phase II:** A validation team is constructed to evaluate each program review submitted by each of the units. If areas are found to be insufficient, the validation team returns the review back to the unit for modifications.

**Phase III:** Once validation is complete, the program review for that particular year is recorded and frozen from any further modifications. Data analysis can then proceed.
