**CONGRATULATIONS!**

West Los Angeles College is among the first of the 9 colleges in the Los Angeles Community College District to provide its students with “cloud” email accounts.

Starting mid-Spring, West will begin phasing out the use of any student email address other than the student’s **Student.LACCD.Edu** account. Email that West sends to students includes important notices regarding your financial aid awards, registration appointments, class changes updates, services information and more.

For your convenience, your **Student.LACCD.Edu** email can be forwarded to any other email account you have. Instructions are included on the following pages.

Your new **Student.LACCD.Edu** account is powered by the Microsoft Live@edu suite of applications. In addition to the ability to send and receive personal emails (10GB Inbox and up to 20MB for attachments), you will also have:
