Readings and Online Assignments
This class is divided into four modules. In each of these modules, you will be directed to read selected chapters of text and become familiar with the content of the assigned chapters. You will also have writing assignments, quizzes, and a final exam. This coursework is due no later than the posted date.
Late and Missed Assignments and Quizzes
Late and missed assignments and quizzes will lower your final grade. Quizzes and assignments will be marked Late when they are submitted after the Due Date. You will lose grade points for lateness. There are no extensions to due dates. Turn your work in well before the due date to ensure that you are given full credit.

Plagiarism/Academic Integrity
Plagiarism can cause you to fail the assignment, the exam, or the course. The Standards of Student Conduct of West Los Angeles College establish the terms of academic honesty. In accordance with code 9803.28, academic dishonesty is prohibited and will not be tolerated in this class. Violations of academic integrity include, but are not limited to, the following actions: cheating on an exam, plagiarism, working together on an assignment, paper or project when the instructor has specifically stated students should not do so, submitting the same term paper to more than one instructor, or allowing another individual to assume one's identity for the purpose of enhancing one's grade. Academic dishonesty of any type, such as cheating or knowingly furnishing false information, by a student provides grounds for disciplinary action by the instructor or college. In written work, no material may be copied from another without proper quotation marks, footnotes, or appropriate documentation. Plagiarism will result in a zero for the assignment, possible dismissal from the class and disciplinary action from the college. You will not receive credit for any essay missing previous drafts, citations and/or a Works Cited page.

Quizzes and Assignments
The quizzes will require close reading and the writing assignments will require thought and consideration, but you've made a very good choice. It turns out that Art is one of the most pleasant things to study.

At the bottom of the ETUDES quiz page, you can click Save and Exit while working on the quiz. This retains any answers you have completed. When you have completed the quiz, click Submit for Grading. Be careful not to press this button until you are ready to submit your answers for grading.

You are allowed two submissions for each quiz. This will help you recover from any technical mishaps. You only need to take the quiz once. If you take it again, your highest score will be recorded.

You can see the correct answers to the questions after the Due Date for the quiz.

Write your assignments offline, using a text editor. This makes a local copy on your computer that you can use if a technical issue causes your assignment to get lost or mangled. Simply copy your work and paste it into the text area when you're ready to submit your assignment.

If you use Word to write your assignment, make sure to use the "paste from Word" button in the assignment editor. If you fail to use the correct method for pasting here, Word can add hidden characters that will interfere with your assignment.

Look in Resources in the left navigation bar for assistance in writing your assignments. I strongly recommend that you read the citation resources and use the citation helper. Citations are required for some assignments.
