We have begun work to put in asphalt paving for the length of the Upper Fire Service Road from Sophomore Drive to the exit on C Street.

The project also includes the installation of:

- “No Stopping” signs
- Catch basin and “V” ditch.
- New area drains and walkway at rear of the Central Plant Building
- New screen wall in front of the emergency generator and along the Fire Road
- An extension of the 18” storm drain from the existing catch basin adjacent to MSB to the manhole near the South Parking Structure.

Budget: $791,895.00

Projected Schedule:

- Construction Notice to Proceed: May 14, 2012
- Construct Storm Drain: May 14 – July 13, 2012
- Walkway & Wall @ Central Plant: June 4 – June 14, 2012
- Asphalt Paving: July 2 – July 10, 2012
- Notice of Substantial Completion: July 16, 2012
- Closeout, Punch List: July 17 – August 15, 2012
