For more information on these and other services, visit www.WLAC.edu/Services-Resources

HELPING YOU REACH YOUR TRANSFER, DEGREE AND/OR CERTIFICATE GOALS

Counseling (SSB 3rd Floor):
West's counselors can help you develop your “Student Educational Plan” to meet your educational goals.

Transfer Center (SSB 3rd Floor):
The Transfer Center provides up-to-date information on transfer and admissions requirements for universities around the country as well as information on university majors, financial aid, and support services. Meet with UCLA peer advisors and representatives from other universities.

EOP&S (SSB 3rd Floor) and TRIO (B-5):
These services provide special academic and financial support services to economically disadvantaged students, first-generation college students and others who have university transfer as a goal. LEARN and Puente, open to all students, offer similar services but with an emphasis on African-American and Hispanic student success.

Transfer Honors Program (SSB 3rd Floor):
Participants receive priority admissions consideration to selected prestigious four-year institutions including UCLA. Program participants work with faculty mentors, participate in field trips, and hear from a variety of guest speakers.

FINANCIAL ASSISTANCE

Financial Aid Office (SSB 2nd Floor):
Millions of dollars go unused because students like you do not apply for financial aid to assist with tuition, books and living expenses. Financial aid includes Fee Waivers, Grants and Scholarships - these never have to be repaid - as well as low interest loans.

EOP&S, CARE and TRIO (See Above)
For low income students, EOP&S, CARE and Workforce Development are additional sources of financial assistance.

TUTORING (HLRC - Library)
Students may obtain tutoring in a variety of subjects on the first floor of the Library building (HLRC). Day and evening assistance is available.

LIBRARY SERVICES (HLRC - Library)
West's Library provides access to reserve text books, research materials and computers. Instruction on how to use the library, conduct research, search the internet and create bibliographies is available.

CHILD CARE (CDC)
The campus Child Development Center offers student-parents quality, licensed care in a modern childcare facility and early childhood education for their youngsters during day and evening classes.

HEALTH CARE (A9)
Free and low cost health care is available to students in Building A-9. Services include birth control, physical exams, blood pressure and diabetic monitoring, treatment for depression and other mental health services.
