Project Description: Updates to the 2005 West L.A. College Facilities Master Plan (Master Plan). The 2009 Master Plan could add an additional 92,653 sq. ft. of space. The 2009 Master Plan includes: a revised, larger Physical Education structure (Allied Health and Wellness Building); new central plant; demolition of additional modular classrooms; relocation of media center (Watson Center); a revised, larger Technology Learning Center (TLC), smaller student services building, replacement of soccer with softball field, smaller reconfigured North Parking Structure (Lots 1 and 2), and internal street changes. Since 2005 on-line student attendance has increased, such that future year projections result in fewer students on campus (10,998 now anticipated in 2022 compared to 18,904 analyzed in the 2005 FEIR). In conjunction with the proposed changes to the Master Plan the Supplemental EIR revises mitigation measures to respond to recent construction practices and experiences as well as the effectiveness of mitigation to address specific, identified significant adverse environmental impacts.

This is to advise that the **Los Angeles Community College District** has approved the above described project on **August 11, 2010** and has made the following determinations regarding the above described project.)

1. The Los Angeles Community College District is the Lead Agency.
2. The project will have a significant effect on the environment.
3. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
4. Mitigation measures were made a condition of the approval of the project.
5. A mitigation monitoring and reporting plan was adopted for this project.
6. A Statement of Overriding Considerations was adopted for this project.
7. Findings were made pursuant to the provisions of CEQA.

This is to certify that the **Final Supplemental EIR** with comments and responses and record of project approval is available to the General Public for review at the Los Angeles Community College District Offices at the address above and at local libraries as well as on-campus in the Library Building (HLRC) or in the academic Affairs Building (CE).
