Facilities Management Courses:

- VOC ED 124CE - Essentials of Facilities Management
- VOC ED 123CE - Facilities Project Management
- Internship in facilities management

Included in the WLAC Facilities Management certificate program is IFMA's industry-certified Essentials of Facilities Management (EoFM) online modules and certificate program (\$500 value). IFMA's curriculum ensures that certificate earners understand the language and basic concepts of Facility Management (FM) as well as the facility manager's (FM's) role in the tactical planning, scheduling and accomplishment of daily FM tasks.
