Innovation: Igniting Creativity At Work

BSICSKL 070CE #25969

Do you see yourself as a problem-solver, entrepreneur, or innovator? Prepare yourself with 21st-century skills. Join a community focused on invention and inclusive innovation. **The purpose of this course is to learn how to apply a creative framework to develop innovative business ideas as you work on a team project.** This course provides a foundation in the study of creativity and a framework for entrepreneurship and innovation science. Through team building and design thinking, students will identify the characteristics and habits that increase creative output and innovation. This course relies on lived experiences to construct innovative solutions to real-world challenges.

Non-credit + NO textbook needed.
