

Leadership and Workplace Success in the Public Sector

All students are eligible!

...

This certificate program prepares students with the necessary skills and training to gain employment in the public sector. Students will learn the various state and federal laws and regulations related to the public sector. In addition, these courses provide students the education, development, and training that enhances their personal and professional leadership for success in working in the public sector.

To earn the certificate students must complete:

- BSICKSL 104 – Leadership Skills for the Public Sector (9-18)
- BSICKSL 78 – Fundamentals for Workplace Success II – Effective Communications and Leadership (36)
