WEST LOS ANGELES COLLEGE  
**Intersegmental General Education Transfer Curriculum**  
for the CALIFORNIA STATE UNIVERSITY SYSTEM (CSU)  
or the UNIVERSITY OF CALIFORNIA  
SYSTEM (UC) **2024-2025**

**CSU:** Bakersfield, Channel Islands, Chico, Dominguez Hills, East Bay, Fresno, Fullerton, Humboldt, Long Beach, Los Angeles, Maritime Academy, Monterey Bay, Northridge, Pomona, Sacramento, San Bernardino, San Diego, San Francisco, San Jose, San Luis Obispo, San Marcos, Sonoma, Stanislaus.

**UC:** Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, Santa Cruz.

**What is the IGETC (Intersegmental General Education Transfer Curriculum)?**

The *Intersegmental General Education Transfer Curriculum* (IGETC) is a general education program that community college prospective transfer students may complete to satisfy the lower division general education requirements for either the UC (University of California) or CSU (California State University) system without the need to take additional lower-division general education courses after transfer.

All IGETC coursework must be completed with a “C” or better. Courses in which a student receives a “pass” grade may be used if the community college’s policy states that a “pass” is equivalent to a “C” grade (2.0) or better. The UC system allows a maximum of 14 semester units (of the 60 required, transferable units) on a Pass/No Pass basis. There is no CSU system-wide policy on limitations for a “pass” grade, therefore each CSU campus has its own established policy (please check with your CSU campus of choice). Courses may only be used once to satisfy one IGETC subject area (even if listed under multiple areas), however, courses may be used to satisfy IGETC general education areas AND major preparation requirements. Major preparation requirements can be accessed at [www.assist.org](http://www.assist.org), the official source for California articulation and student transfer information.

**The IGETC is NOT an admission requirement to the UC or CSU system.** There is no connection between completion of the IGETC and eligibility for admission to the UC or CSU system, or admission to a specific campus or program. Existing segmental and campus-specific admission requirements for transfer students remain unchanged. Requirements for lower-division courses for admission to particular majors also remain unchanged. The IGETC plan will total approximately 34-37 transferable units. A recommended total minimum of 60 units must be completed prior to transfer, for priority admission status.

If you are approaching readiness for transfer and are unable to complete one or two IGETC courses, you may be eligible for partial certification (and complete IGETC after transferring). “Certification” means that WLAC has verified that a student has completed the lower division General Education requirements listed in each area of the IGETC. *Certification does not guarantee admission or admission eligibility. Certification is not required and is not automatic; it must be requested by the student at the time the final official transcript is sent.* Without certification, the student will be held to the specific general education requirements of the university campus of choice. *Please note, the UC Berkeley, College of Letters and Science does not accept partial Certification.*

Courses taken at regionally accredited institutions may be used to fulfill IGETC. Students should be aware that placement of courses within IGETC subject areas **vary** from college to college. Placement of a course is based on the college of attendance and its IGETC pattern at the time the course was completed. Foreign coursework (from non-U.S. regionally accredited institutions) may not be used on the IGETC.

**It is NOT advisable for all students to follow the IGETC.** Some students may be better served by taking courses that fulfill the CSU General Education Breadth requirements or the general education pattern of the UC or CSU campus or college to which they plan to transfer. Students pursuing majors that require extensive lower division major preparation, (such as Engineering on all campuses or Business at UC Berkeley) may not find the IGETC option to be advantageous. *The Eleanor Roosevelt College and Revelle College of UC San Diego do not accept IGETC.* Additional lower-division general education requirements may be needed prior to transfer. **The IGETC will be most useful for students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus.**

Students transferring to the UC should refer to the following website for information on colleges and majors that do not recommend IGETC or **IGETC for STEM Majors**: <http://www.universityofcalifornia.edu/admissions/counselors/transfer/advising/igetc/index.html>
