

CERTIFICATE OF ACHIEVEMENT IN DATA ANALYTICS

West Los Angeles
COMMUNITY COLLEGE

Certificate of Achievement

The Certificate of Achievement in Data Analytics provides students with the skills and knowledge needed for employment in the rapidly emerging field of data analytics, which comprises analyzing and interpreting the datasets now available in a wide range of organizations and industries. Modern data analytics brings together tools and techniques from business, communication, information system & information technology to collect, interpret and represent datasets to illustrate concepts and inform decisions. This program is intended to help students develop skills to perform data manipulation, data analysis, data visualization and data reporting.
